# **Dunedin**

Dunedin Enterprise Investment Trust PLC specialises in the provision of private equity finance. Private equity is medium to long term finance provided in return for an equity stake in established, potentially high growth, private companies.

The Company's investment objective is to conduct an orderly realisation of its assets, to be effected in a manner that seeks to achieve a balance between maximising the value of the Company's investments and progressively returning cash to shareholders.

Strategic Report - Chairman's Statement

# Chairman's Statement Duncan Budge, Chairman

In the year to 31 December 2017 your Company's net asset value total return was 23.9%. This performance was generated principally from the realisations of Blackrock, Alpha and Kee Safety together with strong trading performances from other portfolio companies.

The share price performance was particularly pleasing this year with a total return to shareholders of 74.8%. This was boosted by a return of capital to shareholders of 100p per share and the payment of dividends of 31p.

The Company's net asset value per share decreased from 503.3p to 489.2p during the year after taking account of the return of capital and dividends.

Following the year end, in February 2018 a second return of capital reduced the net asset value per share by a further 50p to 439.2p. This means that a total of 181p has been distributed to shareholders since the beginning of 2017.

Following this strong performance the discount at which the shares trade has reduced from 39.2% at the end of 2016 to 13.5%, based on a net asset value per share of 439.2p and a current share price of 380p.

#### Realisations

There were five significant realisations during the year to 31 December 2017.

In August 2017 there was a successful realisation of Blackrock, the provider of independent expert witnesses to dispute and litigation resolution in the construction sector. Total proceeds from the sale amounted to £12.9m representing an uplift of £2.9m (29%) over the valuation of £10.0m at 31 December 2016. The investment delivered a return of 2.8x and an IRR of 60%.

There were two further realisations achieved in October 2017.

Alpha, the leading global asset and wealth management consulting firm, was realised in its entirety on the listing of the company on the AIM market. The

investment was originally made only in February 2016. Total proceeds from the sale amounted to £16.7m, representing an uplift of £9.6m (135%) on the valuation of £7.1m at 31 December 2016, a 2.1x return and an IRR of 55%.

Kee Safety, the market leading provider of collective fall protection and safety systems, was also sold in October 2017. Total proceeds from the sale amounted to £15.9m, representing an uplift of £6.1m (62%) on the valuation of £9.8m at 31 December 2016, a 3.0x return and an IRR of 35%.

In December 2017 the investment in Innova/5, one of the two remaining European funds, was realised. Innova/5 invests in mid-market buyouts in Central Eastern Europe. The sale of the interest in the fund was achieved at net asset value, realising proceeds of £10.2m, which represents an IRR of 7%.

As previously reported at the interim stage, we successfully realised our investment in Steeper, a world leading manufacturer and supplier of prosthetic limbs, in February 2017 for £10.1m. The overall return was 1.9x, representing an IRR of 7%. Steeper was valued at the realised proceeds at 31 December 2016.

#### **Portfolio**

A new investment of  $\mathfrak{L}6.0m$  was made in Forensic Risk Alliance ("FRA"), an international consultancy business which provides forensic accounting, data analytics and e-discovery expertise to help businesses manage risk in an increasingly regulated global environment.

The trading performance of the remaining portfolio has been strong during the year. Unrealised valuation increases of £12.9m were partially offset by decreases of £5.8m. Valuation uplifts were achieved by Pyroguard, FRA, Red and Kingsbridge. Each of these businesses is trading well as a result of strong organic growth. The most significant valuation reduction in the year to 31 December 2017 was the decline of £1.2m of the holding in CitySprint.

Strategic Report – Chairman's Statement

In addition to these valuation changes a provision of £4.0m has been established during the year for carried interest arising in Dunedin Buyout Fund III LP as a result of its strong performance following these successful realisations and valuation uplifts.

# **Commitments & Liquidity**

The Company had outstanding commitments to limited partnership funds of  $\mathfrak{L}44.3m$  at 31 December 2017. This consisted of  $\mathfrak{L}42.0m$  to Dunedin managed funds and  $\mathfrak{L}2.3m$  to the European funds. Assuming these funds are held to maturity, it is estimated that only  $\mathfrak{L}27m$  of this total commitment will be drawn over the remaining life of the funds.

At 31 December 2017 the Company held cash balances of £32.9m. This balance was reduced by a second return of capital to shareholders of £10.3m on 16 February 2017 which reduced the cash balance to £22.6m. The Company has a revolving credit facility with Lloyds of £20m which was undrawn at 31 December 2017 and is available until 31 May 2018. The Board and the Manager keep the cash and commitment position of the Company under regular review. It is the Board's intention to extend the revolving credit facility by a further year but at a lower level of £10m.

#### **B Share Scheme**

Shareholders approved the introduction of a B Share Scheme in May 2017 which established a cost-effective method of returning capital to shareholders.

Following the realisations of Blackrock, Alpha and Kee Safety, £20.6m was returned to shareholders in December 2017. This was achieved by the issue of 2 B Shares of 50p for every 1 ordinary share held. The B Shares were immediately redeemed, and proceeds distributed to shareholders on 15 December 2017.

Following the realisation of Innova/5 on 22 December 2017, the Board decided to make a second return of capital by way of the issue of B shares. This was achieved by the issue of 1 B Share of 50p for every 1 ordinary share held. The B Shares were immediately redeemed, and proceeds of  $\mathfrak{L}10.3$ m were distributed to shareholders on 16 February 2018.

The Board intends to continue with this policy of returning capital to shareholders following realisations and after taking account of outstanding commitments.

#### **Dividends**

Following the realisations noted above, an interim dividend of 13.5p per share was paid to shareholders on 15 December 2017 amounting to £2.8m.

It is proposed that a final dividend of 5.5p per share be paid on 17 May 2018 to distribute the remaining income generated from the portfolio in the year.

#### **Outlook**

The Board will continue to maximise shareholder value through the orderly wind-down of the remaining investments held by the Company. This policy has served shareholders well during the year under review. The Board is aware that the secondary market for interests in private equity funds has been buoyant for some time. We regularly review whether shareholders' interests would be best served by realising our fund interests in this way or whether continuing to hold them is likely to provide better returns.

The Board is encouraged by the pricing of the realisations achieved during the year and the improving trading performance of the portfolio.

The Manager

# **The Manager**

The Company is an Alternative Investment Fund (AIF) under the EU's Alternative Investment Fund Managers' Directive ("AIFMD"). Its Alternative Investment Fund Manager ("AIFM") is Dunedin LLP. Dunedin LLP became a full scope AIFM on 25 May 2016.

In addition to the Company, Dunedin manages four limited partnership funds and a European fund of funds. The Company committed £60m to Dunedin's most recent £306m fund, Dunedin Buyout Fund III LP in 2012, representing a 20% interest.

Dunedin provides equity finance for management buyouts and management buyins with a transaction size of £20m - £100m. It is an independent private equity house, owned by the partners, operating throughout the UK from offices in Edinburgh and London. It has an investment team comprising twelve investment professionals. Six of the partners have worked together for more than sixteen years, giving it an unrivalled depth of experience in the UK lower mid-market buyout market.

Dunedin focuses on a number of sectors, using its depth of knowledge to understand the market drivers and to build relationships with management teams, key industry participants and influencers. The firm has particular expertise in the industrial, business services and financial services sectors, completing 55 portfolio follow-on acquisitions since 2011 to drive the growth and internationalisation of its investee businesses.

Dunedin targets buyout investments where it can partner with management teams to build better businesses. Dunedin provides the knowledge, skills and finance to help the companies it backs to develop and attain their full potential. It targets businesses with many of the following characteristics:

- Proven management team with the desire to create and deliver value
- Strong market position, niche or brand
- Clear organic growth potential
- Internationalisation opportunities
- Potential for buy and build or roll-out
- Barriers to entry
- Legislation-driven products or services

Dunedin is authorised and regulated by the Financial Conduct Authority.

# **Manager's Review**

The total net asset return to shareholders in the year to 31 December 2017 was 23.9%. This is stated after taking account of a final dividend for 2016 of 17.5p (paid in May 2017), an interim dividend for 2017 of 13.5p (paid in December 2017) and a redemption of B shares equivalent to 100p (paid in December 2017).

The net asset value per share in the year to 31 December 2017 decreased from 503.3p to 489.2p. Following the year end in February 2018 a second issue and redemption of B shares reduced the net asset value per share by a further 50p to 439.2p.

The Company's net asset value decreased from £103.9m to £101.0m over the year. As detailed below

this movement is stated following dividend payments totalling £6.4m and capital of £20.6m returned to shareholders via the issue and redemption of B shares.

	£m
Net asset value at 1 January 2017	103.9
Unrealised value increases	12.9
Unrealised value decreases	(5.8)
Realised gain over opening valuation	13.4
Dividends paid to shareholders	(6.4)
B share redemption	(20.6)
Net income and capital movements	3.6
Net asset value at 31 December 2017	101.0

#### **Portfolio Composition**

The investment portfolio can be analysed as shown in the table below.

	Valuation at 1 January 2017 £'m	Additions in year £'m	Disposals in year £'m	Realised movement £'m	Unrealised movement £'m	Valuation at 31 December 2017 £'m
Dunedin managed	81.5	9.4	(53.1)	12.4	7.0	57.2
Third party managed	22.3	0.4	(13.8)	1.0	0.1	10.0
AAA rated money market funds	1.0	42.1	(19.6)	_	_	23.5
	104.8	51.9	(86.5)	13.4	7.1	90.7

#### **New Investment Activity**

In March 2017, the Company made an investment of £6.0m through the Dunedin Buyout Fund III in Forensic Risk Alliance ("FRA"). FRA is an international consultancy business that provides forensic accounting, data analytics and e-discovery expertise to help businesses manage risk in an increasingly regulated global environment. FRA works on some of the largest and most complex regulatory investigations globally. Its clients are typically blue-chip multi-national corporates seeking advice to help navigate regulatory scrutiny, effect compliant cross-border data transfer and manage risk.

A further investment of £0.5m was made in Premier Hytemp, the provider of highly engineered steel and nickel alloys and components for the oil and gas industry, to provide ongoing working capital support.

#### **Realisations**

In February 2017, Steeper, the leading supplier of rehabilitation services including prosthetic, orthotic and electronic assistive devices and services, was realised.

Proceeds received on realisation amounted to £10.1m consisting of capital of £7.7m and income of £2.4m. Total proceeds received over the life of the investment amounted to £10.4m making the overall return to Dunedin Enterprise from the investment 1.9x the original investment of £5.6m. Steeper was valued at the realised proceeds at 31 December 2016.

In August 2017, Blackrock, the provider of independent expert witnesses for large construction projects, was realised. Total proceeds from the sale amounted to £12.9m consisting of capital of £12.8m and income of £0.1m. This represents an uplift of £2.9m over the valuation of £10.0m at 31 December 2016. The original cost of the investment was £4.9m and, over its life, a total of £13.9m has been received by Dunedin Enterprise, representing a 2.8x return and an IRR of 60%.

In October 2017, Alpha, the leading global asset and wealth management consulting business, was realised following a listing of the company on the AIM market. Total proceeds from the sale amounted to £16.7m

consisting of capital of £15.6m and income of £1.1m. This represents an uplift of £9.6m when compared to the valuation of £7.1m at 31 December 2016. The original cost of the investment was £8.1m and over the life of the investment a total of £16.7m was received by Dunedin Enterprise representing a 2.1x return and an IRR of 55%.

Kee Safety, the market leading provider of collective fall protection and safety systems, was also realised in October 2017. Total proceeds from the sale amounted to £15.9m consisting of capital of £15.2m and income of £0.7m. This represents an uplift of £6.1m when compared to the valuation of £9.8m at 31 December 2016. The original cost of the investment was £6.3m and over the life of the investment a total of £18.8m was received by Dunedin Enterprise representing a 3.0x return and an IRR of 35%.

One of the two European funds, Innova/5, was fully realised via a secondary transaction in December 2017. Total proceeds received from the sale of Innova/5 during the year amounted to  $\mathfrak{L}10.2m$  which compares to a valuation of  $\mathfrak{L}8.7m$  at 31 December 2016.

The remaining European fund, Realza, realised GTT, the provider of tax management services to local public entities in Spain, during the year. This was one of the largest investments held by Realza generating proceeds of £3.6m and returning 3.2x original cost.

### **Cash and commitments**

As at 31 December 2017 the Company had cash and near cash balances of £32.9m all of which was denominated in Sterling. The cash and near cash balance was reduced by £10.3m following the issue and redemption of B shares in February 2018. The Company has a revolving credit facility with Lloyds Bank of £20m which is available until 31 May 2018. The Board and Manager keep the cash and commitment position of the Company under regular review. It is the Board's intention to extend the revolving credit facility by a further year but at a lower level of £10m.

At 31 December 2017 the Company had undrawn commitments totalling £44.3m. These undrawn commitments are split between Dunedin managed funds of £42.0m and a further €2.6m (£2.3m) of undrawn commitments to the European funds. It is expected that approximately £27m of the total outstanding commitments will ultimately be drawn over the remaining life of the funds.

This outstanding commitment increased following the realisations as, under the terms of the relevant limited partnership agreement, the original cost of realised

investments becomes recallable for the following twelve months.

#### **Unrealised valuation uplifts**

In the year to 31 December 2017 there were valuation uplifts generated from the following investments: Pyroguard (£3.8m), FRA (£3.2m), Red (£2.7m) and Kingsbridge (£2.3m).

Pyroguard, the manufacturer and distributor of fire resistant glass, has resolved production problems experienced last year. Strong demand for its products during the year has resulted in a 94% increase in maintainable EBITDA, (maintainable EBITDA being EBITDA for the last twelve months adjusted for exceptional items).

FRA has experienced a strong demand for its services since the buyout was completed in March 2017. The company has significantly outperformed its business plan with maintainable EBITDA increasing by 32% during this period. Growth has been driven by a number of significant project wins.

Red, the supplier of SAP software experts on both a contract and permanent basis, has experienced a strong demand for its services particularly in the contracting division. This has resulted in an increase in maintainable EBITDA during the year from £0.1m to £3.0m.

Kingsbridge, the provider of insurance services to contractors, has experienced strong organic growth during the year resulting in maintainable EBITDA increasing by 25%. The Kingsbridge Contractor Insurance Division has produced record levels of new business in the latter part of 2017.

#### **Unrealised valuation reductions**

The most significant valuation reduction in the year to 31 December 2017 was at CitySprint (£1.2m).

CitySprint has experienced a slow-down in its core business during the year as a result of a softening of the market and increased competitive pressures. The result has been a 5% reduction in maintainable EBITDA. Management is taking action to re-focus the business on higher margin sales lines.

A provision of £4.0m has also been established during the year for carried interest arising in Dunedin Buyout Fund III. This limited partnership has a hurdle rate of 8% which was achieved during the year following the successful exits of Blackrock, Kee Safety and Alpha in addition to the valuation uplifts achieved at FRA and Kingsbridge.

# **Valuations and Gearing**

The average earnings multiple applied in the valuation of the Dunedin managed portfolio was 7.6x EBITDA (2016: 8.6x), or 9.3x EBITA (2016: 10.2x). These multiples continue to be applied to maintainable profits.

Within the Dunedin managed portfolio, the weighted average gearing of the companies was 3.1x EBITDA (2016: 3.3x) or 3.7x EBITA (2016: 3.8x).

Analysing the portfolio gearing in more detail, the percentage of investment value represented by different gearing levels was as follows:

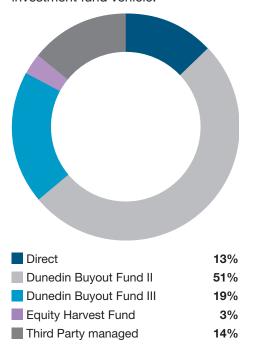

Less than 1 x EBITDA	47%
Between 1 and 2 x EBITDA	-%
Between 2 and 3 x EBITDA	-%
More than 3 x EBITDA	53%

Of the total acquisition debt in the Dunedin managed portfolio companies the scheduled repayments are spread as follows:

9%
8%
6%
77%

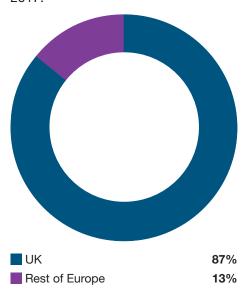

# **Fund Analysis**

The chart below analyses the investment portfolio by investment fund vehicle.

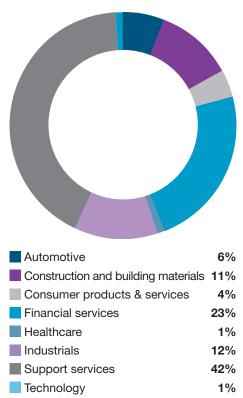

# **Portfolio Analysis**

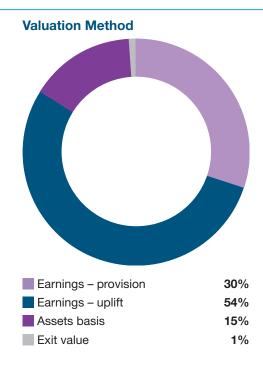

Detailed below is an analysis of the investment portfolio by geographic location as at 31 December 2017.

# **Sector Analysis**

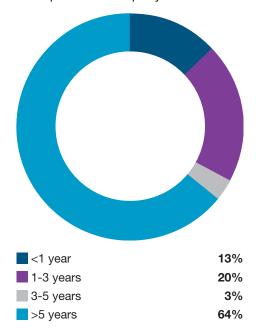

The investment portfolio of the Company is broadly diversified. At 31 December 2017 the largest sector exposure of 42% remains to the diverse Support Services sector.

# **Year of Investment**

In the vintage year chart below, current value is allocated to the year in which either Dunedin Enterprise or the third-party manager first invested in each portfolio company.

# **Hawksford**

#### **Business description**

Hawksford is a leading international provider of corporate, private client and specialist funds services, involved in both set up and on-going administration. Hawksford designs, establishes and administers trusts, foundations, family offices, private trust companies and expert funds for high net worth individuals and companies.

To date, the business has acquired five companies in Jersey, the Middle East and the Far East, and has opened an office in Hong Kong. These acquisitions have further enhanced Hawksford's market-leading position through additional high-quality people and clients. The focus of the business remains on providing excellent service and increasing client choice by investing in technology and growing the international footprint.

#### **Investment rationale**

Hawksford presented an opportunity to invest in a cash generative company with a stable core business, high levels of repeat business and very good long-term client structures and relationships. There was a clear opportunity to create value through increased operational efficiency and marketing capability, proactive business development, international expansion into new geographies and an acquisition strategy in a highly fragmented sector.

#### Value creation

Growth is expected to be delivered through continued international expansion and continuing the proactive buy-and-build strategy. Dunedin has played a significant role in identifying, evaluating and funding bolt-on acquisitions and Hawksford has a strong pipeline of these acquisition opportunities.

#### What has been achieved

Since the management buyout in October 2008, Hawksford has completed five acquisitions, the latest being Janus Corporate Solutions in Singapore. This followed Hawksford's expansion in Jersey and the Middle East and extended the company's global reach into the Far East, where it opened an office in Hong Kong in 2015. Hawksford continues to assess acquisition opportunities.

Dunedin organised and led the recruitment of the current CEO. The financial management has been further strengthened with the appointment of a new Finance Director. To prepare for the next phase of growth, highly experienced Heads of the Private Client, Funds and Corporate Service businesses have also been appointed.

#### **Performance**

In the year to 31 December 2016, the EBITDA of Hawksford was £6.1m (2015: £5.7m) on turnover of £22.4m (2015: £22.0m).

#### Weldex

#### **Business description**

Weldex is a market-leading crawler crane hire business in the UK, with the tenth largest lifting capacity globally. It serves the offshore wind, oil and gas and commercial construction markets. Its cranes, including two of the largest in the UK, have been used in a number of significant construction projects including Heathrow Terminal 5, the iconic arch at the new Wembley Stadium, the 2012 Olympic site and Crossrail. More recent projects include Burbo Bank Offshore Windfarm Extension, Thames Tideway Tunnel, Tottenham Stadium and Hinkley Point C Nuclear Power Station.

Weldex was established in 1979 and has grown into the UK's largest crawler crane hire company. The company employs over 100 staff and operates nationwide and overseas from its headquarters in Inverness and its depot at Alfreton. The company provides its customers with an established team of fully accredited operators, site managers and service engineers and also supplies associated lifting equipment including wheeled cranes, forklifts, lorry loaders and trailers.

#### **Investment rationale**

Weldex is a market-leading business serving the renewables and power generation market, where growth is driven by the developing UK energy gap and EU legislation on climate change. The offshore wind installation infrastructure is supply constrained and Weldex services this niche. There are strong barriers to entry: high capital expenditure, long lead times to source cranes, the need for experienced operators, and Weldex's reputation.

#### Value Creation

Value creation is expected to be generated through continued investment in the crawler crane fleet to meet demand in Weldex's targeted sectors. Key growth areas are in renewable energy infrastructure, power generation and industrial and commercial construction. In particular, the business has found a lucrative niche in offshore wind installation infrastructure, where its equipment, operators and reputation put it ahead of the competition.

#### What has been achieved

Weldex has continued to invest in its core fleet. A new independent nonexecutive Chairman was appointed in 2014 with extensive international experience. This breadth of experience complements the existing management team's operational expertise.

# **Performance**

In the year to 30 November 2016, the EBITDA of Weldex was £10.4m (2015: £11.7m) on turnover of £21.1m (2015: £22.3m).

# Realza Capital

# **Business description**

Realza Capital FCR is a Spanish private equity fund making investments in Spain and Portugal. The fund is limited to investing 15% of commitments in Portugal. Dunedin Enterprise's investment is held via Dunedin Fund of Funds LP.

The fund invests in companies with leading market positions and attractive growth prospects either through organic growth or through subsequent merger & acquisition activity. Realza seeks to invest in companies with an Enterprise Value normally ranging from €20m to €100m.

The fund's typical equity investment ranges from €10m to €25m.

#### Investment rationale

A €15m commitment was made to Realza in 2008. This commitment was made in accordance with the Trust's investment policy of investing in limited partnership funds with a European investment remit which invested in transactions of a similar nature and size to Dunedin.

#### What has been achieved

To date Realza has drawn down 94% of commitments. The fund has made seven investments to date of which one has been realised. The areas of business in which the fund's remaining investments operate are the:-

- manufacture and sale of household cleaning and personal care products;
- manufacture and sale of water pumps for the automotive industry;
- provider of printing and varnishing services for metal can and closure manufacturers; and
- producer of premium tomatoes.

#### **Performance**

To date there has been one realisation achieved by the fund. GTT, the provider of tax management services to local public entities in Spain was realised in 2017 generating a multiple on original cost of 3.2x. The remaining investments in Realza are valued at 1.3x cost.

## **FRA**

# **Business description**

FRA is an international consultancy that provides forensic accounting, data analytics and e-discovery expertise, helping businesses respond to regulatory investigations in an increasingly regulated global environment.

FRA works on some of the largest and most complex regulatory investigations globally. Its clients are typically blue-chip multinational corporates seeking advice to help navigate regulatory scrutiny, effect compliant cross-border data transfer, and manage risk. The company has offices in London, Providence (Rhode Island), Paris and Washington DC.

#### **Investment rationale**

FRA services a large and growing global market driven by increasing regulatory activity and scrutiny at an international level. Data volume and complexity is growing rapidly, benefiting FRA in terms of the quantity of data storage, analysis and cross-border data protection rules that must be navigated. FRA's strong organic growth is driven by exceptional client service, a strong reputation among regulators, law firms and corporates, long term engagements and growth in the team of forensic accountants, eDiscovery experts and data analysts.

### Value Creation

Regarded as a leading authority in its niche, FRA is seeing increased demand for its services as regulation and enforcement increase globally. Strong relationships with the in-house legal counsel at corporate clients, and with referring law firms, open up new business opportunities – which FRA is well placed to take advantage of, with its excellent reputation for independence and integrity with regulatory bodies. The strategy is to develop FRA's international reach from its existing offices.

# What has been achieved

The successful expansion of FRA is reliant on accelerating the recruitment of talented people from around the world, particularly in the US. Dunedin has assisted by being directly involved in the sourcing and selection process for some of the company's most senior positions. These have included a new US-based CFO, who was identified through Dunedin's international network; a Chairman with global consulting and private equity experience; and an experienced HR Director.

# **CGI (trading as Pyroguard)**

#### **Business description**

Since Dunedin Enterprise first invested in CGI the company has been through two refinancings, allowing Dunedin Enterprise to realise a total of £14.5m in capital and income to date from this investment. CGI, trading under the Pyroguard brand, is a leading independent designer, manufacturer and supplier of specialist fire resistant glass. The company serves the construction markets in the UK, Ireland, France, Holland, Scandinavia, Eastern Europe and the Middle East from its manufacturing bases in Haydock, UK and Seingbouse, France. Significant recent projects completed by CGI include the installation of fire-resistant glass at Here East (the multipurpose redevelopment of the former 2012 Olympic site), the Biomedicum medical facility in Stockholm, the Paris Expo redevelopment project and Zaanstad Prison in the Netherlands.

#### **Investment rationale**

CGI operates in a highly regulated market which creates strong barriers to entry. Pyroguard is manufactured using a patented process which has certain advantages over its competitors such as flexibility, cost and immediate delivery. Pyroguard produces clear glass which is taking market share from wired glass. Fire regulations throughout Europe are becoming stricter and standards demanded by insurance companies are rising, which are advantageous trends for CGI.

#### **Value creation**

CGI has followed a commercial strategy which combines acquisition with organic growth. In 2012 it acquired Interver SA, the French-based manufacturer of fire glass products. The focus for the business going forward is to sell directly to product users rather than to distributors as was the case historically. A number of large high profile direct projects have been won since the acquisition, allowing CGI to demonstrate its project work credentials.

### What has been achieved

CGI has invested in people, expanding both its European sales team as well as its R&D team. The business has also appointed consultants to improve factory and process efficiencies which has resulted in significant cost savings. A new COO was appointed in January 2017 who will oversee both manufacturing facilities.

#### **Performance**

In the year ended 31 December 2016, the EBITDA of CGI was £1.6m (2015: £1.9m) on turnover of £17.2m (2015: £15.8m).

# **CitySprint**

### **Business description**

CitySprint is the UK's largest national time-critical and same-day distribution network. It benefits from an asset-light business model with over 3,000 self-employed couriers, making the business both highly flexible and scalable. It operates from 40 service centres in the UK and can deliver to over 87% of the mainland UK population within 60 minutes. It handles over ten million critical same-day deliveries a year, providing flexible, reliable and cost-effective solutions.

CitySprint offers a range of services including SameDay Courier, UK Overnight and International courier services, as well as more complex logistics services. It services a number of different sectors, including healthcare, online retail fulfilment and parts fulfilment such as outsourced supply chain services for engineering and servicing companies. CitySprint now has the UK's largest same-day healthcare courier network.

#### **Investment rationale**

CitySprint has a unique, highly scalable business model with a sustainable competitive advantage. It is entirely differentiated from next day courier businesses where the market is much more competitive and made up of larger organisations. The company's market-leading technology platform underpins its asset-light business model. It exploits opportunities in new markets such as pharmacy, healthcare and e-retail and is active in the development of new products and market-leading technology, particularly in the retail and healthcare divisions. It has a highly experienced management team with a track record in Buy and Build and organic growth.

# Value creation

The company is achieving good revenue and profit growth through its very active buy-and-build and organic growth strategies. It continues to assess an active pipeline of acquisition opportunities.

#### What has been achieved

In 2016 Dunedin Enterprise realised its investment in CitySprint with a portion of the proceeds being rolled over into a newco. The realised proceeds represented a return of 2.75x original cost.

During 2017, CitySprint made two acquisitions to expand its reach and consolidate its position as the UK's leading private same-day distribution company, bringing the number of acquisitions made since Dunedin's buyout to 29.

### **Performance**

In the eleven months to 31 December 2016, the EBITDA of CitySprint was £17.4m (2015: £16.8m) on turnover of £157.8m (2015: £146.0m).

# Kingsbridge

# **Business description**

Kingsbridge is a market-leading, FCA-regulated specialist insurance intermediary with two divisions: Kingsbridge Contractor Insurance and Kingsbridge Insurance Brokers. Founded in 2007, this business has enjoyed strong growth with gross written premiums growing at 54% over the past two years.

#### **Investment rationale**

There is a significant and growing market opportunity for contractor insurance, with contractors becoming an increasingly prevalent component of the UK workforce. Long-term growth in demand points towards a broad-based workforce shift as more people embrace flexible working. Kingsbridge is a high growth, high margin, cash generative and innovative insurance services firm with an impressive financial growth track record. Kingsbridge Contractor Insurance is a market leader in the specialist provision of insurance for contractors and freelancers.

#### Value creation

Kingsbridge has achieved strong growth in both revenue and profit, driven by growing referrals from large new affinity partners. It is a highly cash generative business as working capital and capital expenditure needs are modest. The business is currently evaluating a number of strategic acquisitions.

#### What has been achieved

A new CEO joined the business in September 2017, in line with the agreed succession plan at the point of investment. The business has grown through better sales and marketing, investment in the digital channel and the introduction of new products.

A new Chairman and CFO have also been recruited since the buyout.

#### **Performance**

In the year to 31 January 2017, the EBITDA of Kingsbridge was £3.1m on turnover of £10.0m.

U-POL	
Percentage of equity held	5.0%
Cost of Investment	£5.7m
Directors' valuation	£3.9m
Percentage of Dunedin Enterprise's net assets	3.9%

#### **U-POL**

#### **Business description**

U-POL is a leading independent manufacturer of automotive refinish products including body fillers, coatings, aerosols, polishing compounds and consumables. Included in the product range is RAPTOR™, a tough protective coating product which can be used over a multitude of surfaces. Sales of RAPTOR™ continue to grow steadily and the business is exploring opportunities to sell this product into adjacent sectors.

The company has a good reputation for product quality and innovation, which is the key to its global success. From its UK manufacturing base in Wellingborough, U-POL exports a range of products to 120 countries worldwide. The company has a strong market position in the UK and a growing position in other large markets such as the USA, the Far East, the Middle East, Africa and Russia. Its growth strategy is to continue expanding in both developed and emerging markets. U-POL sells primarily through intermediate distributors but has built brand recognition and loyalty with end-users which are largely comprised of car repair outlets.

#### **Investment rationale**

U-POL has a market leading position in the UK and growing market share in other large markets such as the USA. It enjoys a good competitive position globally. Growth was expected through expansion of its range and increased market share in new and existing markets.

#### Value creation

U-POL is focussing on products with high growth potential. Further growth is expected to be achieved through expansion in both developed and emerging markets.

# What has been achieved

A major product line rationalisation and rebranding exercise has been carried out to reposition U-POL as a manufacturer of premium quality products.

### **Performance**

In the year to 31 December 2016, the EBITDA of U-POL was £13.2m (2015: £11.9m) on turnover of £68.9m (2015: £59.7m).

# Red

# **Business description**

Red is the European market leader for the supply of specialist SAP permanent and contract staff, operating from offices in the UK, Germany, the USA and Switzerland. SAP stands for Systems, Applications and Products in data processing. Red supplies SAP experts to international corporations and consultancies.

SAP is the market leader in ERP software (Enterprise Resource Planning software), which helps companies of all sizes and industries operate more efficiently, including many of the world's largest organisations.

Red prides itself on outstanding customer service with an ability to access the best and most appropriate consultants to cutting edge SAP implementations, locally and globally.

#### Investment rationale

SAP is growing at 6 – 8% per annum, driving the ongoing requirement for highly skilled consultants to implement, maintain and upgrade systems. Red has a loyal customer base and good visibility on earnings.

## Value creation

Business growth is expected to come from increasing market share in its key geographic markets and continued focus on service differentiation.

## What has been achieved

Loss making offices have been closed. Significant investment in CRM and business information systems is driving increased sales and profitability.

### **Performance**

In the year to 31 March 2017, the EBITDA of Red was £1.3m (2016: loss £0.4m) on turnover of £105.8m (2016: £89.2m).

# **Formaplex**

#### **Business description**

Formaplex is a market-leading provider of tooling and lightweight component solutions to a range of attractive high-growth end markets. It has a market-leading position in the UK premium automotive and motorsport sectors, with a rapidly growing share of the UK and European high-volume automotive, defence, aerospace and industrial markets. It operates from 260,000 sq ft of UK manufacturing facilities with a strong network of European and Asian supply partners. The business has an enviable blue-chip customer base with which it has developed longstanding, trusted relationships.

# **Investment rationale**

Formaplex presented an opportunity to professionalise processes and structures and to diversify into new sectors and geographies. Formaplex has established a highly differentiated offering through its ability to offer a fully integrated service from tool design and manufacture, through to final component manufacture, finishing and delivery. Customers recognise its expertise in tooling design and ability to deliver innovative solutions. This design is then supported by modern, high quality manufacturing and delivery, underpinned by rigorous project management. This results in high precision tools which are delivered on-time and once in use, enable customers to achieve consistently accurate performance rates which protect their own quality standards and programme timings.

## **Value creation**

The growth of Formaplex is expected to be driven by underlying growth in demand, particularly in the premium automotive and aerospace segment; the trend towards automotive model proliferation and shorter model cycles, both of which drive demand for additional tooling volumes; and legislative requirements to reduce emissions and improve fuel efficiency. The last of these trends means an increased usage of lightweight materials and components and, as a result, increased penetration of Formaplex's products on vehicles and aircraft.

# What has been achieved

Formaplex's growth has been positively impacted by continual investment in the UK's automotive sector and increased international demand for UK premium car brands. The business has also found opportunities to extend its lightweight components into new sectors such as aerospace and defence. The outlook for the business remains strong with a number of new programme launches in plan and some encouraging recent sales wins.

#### **Performance**

In the year to 30 June 2016, the EBITDA of Formaplex was £5.6m (2015: £6.1m) on turnover of £48.4m (2015: £44.8m).

Strategic Report

# **Strategic Report**

This Strategic Report has been prepared in accordance with the Companies Act 2006 (Strategic Report and Directors' Report) Regulations 2013.

#### **Business and Status**

The Company carries on business as an investment trust. The last accounting period for which the Company has been treated as approved as an investment trust by HM Revenue & Customs was for the year ended 31 December 2016. In the opinion of the Directors, the Company has conducted its affairs during the period under review, and subsequently, so as to meet the eligibility conditions in Section 1158 of the Corporation Taxes Act 2010 and the ongoing requirements for approved companies in Chapter 3 of Part 2 of the Investment Trust (Approved Company) (Tax) Regulations 2011 (Statutory Instruments 2011/2999).

The Board has contractually delegated the management of the investment portfolio to the Manager, Dunedin LLP ("Dunedin"). A summary of the terms of the Alternative Investment Fund Management Agreement is contained in the Directors' Report on page 28.

The existing Investment Objective and Investment Policy of the Company are detailed below.

## **Investment Objective and Policy**

The Company's investment objective is to conduct an orderly realisation of its assets, to be effected in a manner that seeks to achieve a balance between maximising the value of the Company's investments and progressively returning cash to Shareholders.

The Company's investment policy is to invest primarily in private equity investments, either through private equity funds managed by Dunedin or directly.

The Company may not make any new investments save that: (i) investment may be made to honour commitments to funds under existing contractual arrangements; (ii) further investment may be made into the Company's direct investments in order to preserve the value of such investments; and (iii) realised cash may be invested in liquid cash-equivalent securities, including short-dated corporate bonds, government bonds, cash funds or bank cash deposits pending its return to Shareholders in accordance with the Company's investment objective.

No more than 10 per cent. of the Company's total assets may be invested in any single cash equivalent instrument or placed on deposit with any single institution, except that this limit does not apply to investment in government bonds, which shall be unconstrained.

The use of gearing shall be limited to the investment of up to £20m of borrowed funds or, if less, 20 per cent. of the Company's NAV (measured at the time of drawdown).

The Company will not invest in other listed closed-end investment funds.

The Company will continue to comply with the requirements of UK investment trust legislation and the restrictions imposed on

closed-ended investment funds by the Listing Rules in force from time to time.

In common with most investment companies, the Company may borrow to finance further investment. Although the Company is permitted by its Articles of Association to borrow an amount equal to the amount paid up on the issued share capital and the total amounts standing to the credit of the capital and revenue reserves of the Company, the Board's policy is that financial gearing will not exceed 40 per cent. of gross asset value.

#### **Risk Management**

The Board carries out a regular and robust review of the risk environment in which the Company operates. The Board acknowledge that it is responsible for risk management systems, which have been in place for the year under review, and for reviewing their effectiveness and there is an ongoing process for identifying, evaluating and managing the principal risks faced by the Company and they are regularly reviewed by the Board. The principal risks and uncertainties identified by the Board which might affect the Company's business model and future performance, and the steps taken with a view to their mitigation, are as follows:

Investment and liquidity risk: the Company's investments are in small and medium-sized unquoted companies, which by their nature entail a higher level of risk and lower liquidity than investments in large quoted companies. Mitigation: the Manager aims to limit the risk attaching to the portfolio as a whole by closely monitoring individual holdings, including the appointment of investor directors to the board of portfolio companies. The Board reviews the portfolio, including the schedule of projected exits, with the Manager on a regular basis with a view to ensuring that the orderly realisation process is progressing.

Portfolio concentration risk: following the adoption of the Company's revised investment policy in May 2016 the portfolio will become more concentrated as investments are realised and cash is returned to shareholders. This will increase the proportionate impact of changes in the value of individual investments on the value of the Company as a whole. The Directors' valuation of the Company's investments represents their best assessment of the fair value of the investments as at the valuation date and the amounts eventually realised from such investments may be more or less than the Directors' valuation. Mitigation: the Directors and Manager keep the changing composition of the portfolio under review and focus closely on those holdings which represent the largest proportion of total value.

Financial risk: most of the Company's investments involve a medium to long term commitment and many are relatively illiquid. Mitigation: the Directors consider it appropriate to finance the Company's activities through borrowing on a short-term basis. Accordingly, the Board seeks to ensure that the availability of cash reserves and bank borrowings match the forecast cash flows of the Company both on a base and stress case basis given the level of undrawn commitments to limited partnership funds.

**Economic risk:** events such as economic recession or general fluctuations in stock markets and interest rates may affect the

Strategic Report

valuation of portfolio companies and their ability to access adequate financial resources, as well as affecting the Company's own share price and discount to net asset value. *Mitigation:* the Company invests in a diversified portfolio of investments spanning various sectors, and maintains access to sufficient cash reserves to be able to provide additional funding to portfolio companies should this become necessary.

**Credit risk:** the Company holds a number of financial instruments and cash deposits and is dependent on counterparties discharging their commitment. **Mitigation:** the Directors review the creditworthiness of the counterparties to these investments and cash deposits and seek to ensure there is no undue concentration of credit risk with any one party.

**Currency risk:** the Company is exposed to currency risk as a result of investing in companies and funds denominated in euros. The sterling value of these investments can be influenced by movements in foreign currency exchange rates. **Mitigation:** Currency risk is monitored by the Manager on an ongoing basis and on a quarterly basis by the Board.

Internal control risk: the Company's assets could be at risk in the absence of an appropriate internal control regime.

Mitigation: the Board regularly reviews the system of internal controls, both financial and non-financial, operated by the Company and the Manager. These include controls designed to ensure that the Company's assets are safeguarded and that proper accounting records are maintained.

#### **Borrowings**

In common with most investment companies, the Company may borrow to finance further investment. Although the Company is permitted by its Articles of Association to borrow an amount equal to the amount paid up on the issued share capital and the total amounts standing to the credit of the capital and revenue reserves of the Company, the Board's policy is that the use of gearing shall be limited to £20m of borrowed funds or, if less, 20 per cent. of the Company's NAV (measured at the time of drawdown).

The Company currently has a £20m revolving credit facility with Lloyds Bank plc which expires on 31 May 2018. There are standard bank covenants attached to the facility including a minimum net asset value covenant of £50m which the Board monitors on an ongoing basis.

#### **Review of Performance**

An outline of the performance, market background, investment activity and portfolio during the year under review and the performance over the past 10 years, as well as the investment outlook, are provided in the Chairman's Statement on pages 3 and 4 and the Manager's Review on pages 8 to 11. Details of the Company's top ten investments can be found on pages 12 to 21 with the remaining investments detailed on page 22.

## **Monitoring Performance - Key Performance Indicators**

At each Board meeting the Directors consider a number of performance indicators to assess the Company's success in achieving its objectives, which include both absolute and relative performance compared to the market indices and peer group. The key performance indicators ('KPIs') used to measure the progress and performance of the Company are as follows:

- cash distributions to shareholders;
- movement in share price;
- movement in net asset value per ordinary share;
- movement of net asset value and share price performance compared to the Benchmark; and
- ongoing charges.

Details of the KPIs are shown on pages 1 and 2.

#### **Share Buyback**

The Board recognises that it is in the long-term interests of shareholders to reduce discount volatility and believes that the prime driver of discounts over the longer term is performance. As outlined on page 29, the Board intends to seek renewal of its annual share buyback authority. The Board does not intend to issue a precise discount target at which shares might be bought back as it believes that the announcement of specific targets would be likely to hinder the successful execution of a buyback policy.

# Social, Community, Human Rights, Employee Responsibilities and Environmental Policy

As an investment trust, the Group has no direct social, community or employee responsibilities. Dunedin, with the support of the Board, does however take environmental, social and governance factors and human rights issues into consideration with regard to investment decisions made on behalf of the Company. The Company has no employees and no requirement to report separately on this area, as the management of the portfolio has been delegated to Dunedin. Details of the Alternative Investment Fund Management Agreement are provided on page 28.

#### **Diversity**

At 31 December 2017, there were four male directors and one female director on the Board. The Board's policy on diversity is set out on page 31.

By order of the Board

# **Duncan Budge**

Chairman 20 March 2018

# **Directors' Report**

The Directors present their report and audited financial statements for the year to 31 December 2017.

The Manager of the Company is Dunedin LLP ("Dunedin"). The Board is independent of Dunedin. The Company's registration number is SC052844.

#### **Going Concern**

The financial statements have not been prepared on a going concern basis, since the Company's current objective is to conduct an orderly realisation of the investment portfolio and return cash to shareholders. No adjustments were necessary to the investment valuations or other assets and liabilities included in the financial statements as a consequence of the change in the basis of preparation.

#### Statement on long-term viability

In accordance with the AIC Code of Corporate Governance, the Directors have assessed the prospects of the Company over the three-year period to 31 December 2020. The Directors consider that for the purpose of their assessment it is not practical or meaningful to look forward over a period of more than three years. Furthermore, the Directors deem that this reflects a balance between assessing the Company's prospects over the longer term and the uncertainties inherent in looking out further than three years. The Board recognises that the Company's bank facility expires in May 2018. The Manager is in ongoing discussions with the Bank and it is the current intention to extend the bank facility by a further year.

The Board has taken account of the Company's current position and carried out a robust assessment of the principal risks and uncertainties facing the Company and the mitigating actions as identified in the Strategic Report. The Board also considered the major factors which effect the economic, regulatory and political environment.

The assessment also considered:-

- the nature of the Company's business, including cash reserves and borrowing facilities available to the Company,
- the potential for its unlisted portfolio to generate future income and capital proceeds,
- future capital calls by funds to which the Company has made commitments,
- the Company's income and expenditure projections; and
- the change to the Company's investment objective and the impact on the potential of the unlisted portfolio to generate future income and capital proceeds during the managed wind down and the ability of the Directors to minimise the level of cash outflows should this be necessary.

These metrics are subject to sensitivity analysis which involves flexing a number of the main assumptions underlying the forecasts. The principal factors which were stress tested being the:-

- timing of realisations,
- timing of new investments, and
- quantum of realisations.

The Board has concluded that there is a reasonable expectation that the Company will be able to continue in operation and meet its liabilities as they fall due over the three-year period to 31 December 2020.

#### **Share Capital**

At 31 December 2017, the Company's issued and paid up share capital was  $\mathfrak{L}5,161,016$  divided into 20,644,062 fully paid up ordinary shares.

The rights attaching to the Company's shares are set out in the Company's Articles of Association (which may be amended by special resolution) and they are also supplemented by (and are subject to) relevant provisions of the Companies Act 2006 ("2006 Act") and other legislation applying to the Company from time to time.

On 4 December 2017 41,288,124 B Shares of 50p each were issued fully paid by way of bonus issue to shareholders pro rata to their holding of ordinary shares and immediately redeemed. Following the year end a further 20,644,062 B Shares of 50p each were issued fully paid by way of bonus issue to shareholders pro rata to their holding of ordinary shares and immediately redeemed on 5 February 2018.

#### **Capital Entitlement**

On a winding up, after meeting the liabilities of the Company, the surplus assets will be paid to ordinary shareholders in proportion to their shareholdings.

#### **Dividends**

The ordinary shares carry a right to receive dividends which are declared from time to time by an ordinary resolution of the Company (up to the amount recommended by the Directors) and to receive any interim or special dividends which the Directors may resolve to pay.

An interim dividend of 13.5p was paid to shareholders on 15 December 2017. A final dividend of 5.5p is to be paid to shareholders on 17 May 2018, to shareholders on the register at close of business on 27 April 2018. The ex-dividend date is 26 April 2018. When added to the interim dividend of 13.5p per share this makes a total dividend for the year ended 31 December 2017 of 19.0p.

## **Voting Rights**

Each ordinary shareholder present in person or by proxy is entitled to one vote on a show of hands and, on a poll, to one vote for every share held.

#### Rights attaching to B shares

Following the approval by shareholders on 11 May 2017, the Directors have the ability to allot and issue B Shares. The quantum and timing of any issue is at the discretion of the Directors. Any B Shares issued will be redeemable at the option of the Company and it is expected that any redemption will occur shortly after each date of issue of B Shares, when all of the B Shares then in issue will be compulsorily redeemed and cancelled in accordance with their terms for an amount not exceeding the amount treated as paid up on the B Shares.

When in issue, B Shares do not provide the holder with any voting rights. B shares carry a limited right to a dividend; however, due to the very short time B Shares will be in existence if issued, no dividend is ever likely to become payable. On a return of capital on a winding up, the holders of any B Shares in issue will be entitled to 50 pence per B Share held by them, in priority to any payment to the holders of every other class of shares in the Company.

#### **Significant Shareholdings**

The significant holdings in the Company's ordinary share capital which have been notified to the Company as at 31 December 2017 are shown below.

	Ordinary shares	% of issued share capital
Alliance Trust Savings	2,852,798	13.8
Lind Invest	2,598,613	12.6
Barwon Investment Partners	1,500,000	7.3
Baillie Gifford Diversified Growth Fund	1,461,877	7.1
East Riding of Yorkshire Council	999,962	4.8
Hargreaves Lansdown	924,820	4.5
LGT Capital Management	790,000	3.8
Miton Asset Management	785,000	3.8
Castellain Capital	685,000	3.3
Charles Stanley	620,489	3.0

There have been no changes notified in respect of the above holdings, and no new holdings notified, since the end of the financial year.

#### **Directors**

Details of the current Directors of the Company are shown on pages 5 to 6. All Directors are considered to be independent. No contract or arrangement existed during the period in which any of the Directors had a material interest. No Director has a service contract with the Company. Notwithstanding the Directors' other appointments, it is considered that each has sufficient time available to undertake their duties as a Director of the Company.

In accordance with the UK Corporate Governance Code, changes to the Chairman's other significant commitments require to be disclosed and explained. The Chairman's other directorships are noted on page 5. The Directors have carefully considered the Chairman's other directorships and consider that the Chairman effectively manages his commitments and has sufficient time to meet what is expected of him as Chairman of the Company. The Chairman's attendance at Board and Committee meetings is outlined in the relevant table on page 31. The table shows that the Chairman has attended each Board and Committee meeting held during the year. The Directors believe this demonstrates that the Chairman continues to allocate sufficient time to the Company and continues to discharge his responsibilities effectively.

Angela Lane, Duncan Budge, Brian Finlayson and Michael Meyer Jensen will retire from the Board and, being eligible, offer themselves for re-election at the Annual General Meeting ("AGM"). Brian Finlayson was appointed to the Board on 1 January 2007 and has served for more than nine years. The Board has carefully considered Brian Finlayson's independence and believe he retains independence of character and of judgement. Following performance evaluation, in the view of the other Directors, Angela Lane, Duncan Budge, Brian Finlayson and Michael Meyer Jensen continue to perform effectively and to demonstrate commitment to the Company. The re-election of Angela Lane, Duncan Budge, Brian Finlayson and Michael Meyer Jensen is recommended to shareholders as their skills and experience continues to add to the strength of the Board. Given Federico Marescotti's significant other commitments and directorships he has decided not to seek re-election at the AGM and will be standing down from the Board.

# Directors' and Officers' Liability Insurance/Directors' Indemnity

The Company maintains insurance in respect of directors' liabilities in relation to their acts on behalf of the Company.

In line with market practice and the Company's Articles of Association, the Company has agreed to indemnify the Directors in respect of costs, charges, liabilities, damages and expenses, arising out of any claims or proposed claims made for negligence, default, breach of duty, breach of trust or otherwise, or relating to any application under section 1157 of the Companies Act 2006 ("2006 Act"), in connection with the performance of their duties as Directors of the Company. The indemnities would also provide financial support from the Company should the level of cover provided by the Directors' & Officers' insurance maintained by the Company be exhausted.

#### **Director's Conflicts of Interest**

Under the 2006 Act, a Director must avoid a situation where he has, or can have, a direct or indirect interest that conflicts, or possibly may conflict, with the Company's interests. The 2006 Act allows directors of public companies to authorise conflicts and potential conflicts, where appropriate, where the articles of association contain provisions to this effect. The Company's Articles of Association give the Directors authority to approve such situations.

The Company maintains a register of Directors' conflicts of interest which have been disclosed and approved by the other Directors. The register is reviewed at each Board meeting and the Directors are required to disclose to the Company Secretary any change to conflicts or any potential new conflicts. Where a conflict of interest arises, the Director concerned will not participate in any discussions or decisions in that area.

Michael Meyer Jensen has a potential conflict regarding his employment and arrangements with Lind Invest, which currently holds an interest of 12.6% in the Company. This conflict has been formally disclosed and approved by the Board. Mr Meyer Jensen is prevented from participating in any discussions or decisions where this conflict is relevant.

Mr Meyer Jensen has been made aware of his duties as a director of the Company including the restrictions placed on him regarding the sharing of confidential information concerning the Company with Lind Invest or any other party.

#### **Corporate Governance**

The statement on Corporate Governance on pages 30 to 32 is included in the Directors' Report by reference.

#### **Investment Management Arrangements**

The principal terms of the Company's management agreement with Dunedin are set out on page 61.

The Board has reviewed Dunedin's investment policy and process. The review covered the performance of the investment manager, their management process, investment style, resources and risk controls. The Board is satisfied with the results of the review and is therefore of the opinion that the continuing appointment of Dunedin on the terms agreed is in the interests of shareholders as a whole. Such a review is carried out on an annual basis.

Dunedin Managed Funds and Dunedin Fund of Funds LP operate carried interest schemes. Dunedin executives participate in these carried interest schemes.

Although the co-investment scheme for Dunedin executives, under which selected Dunedin executives invested their own funds in ordinary shares alongside direct investments by the Company, has ceased it continues to operate for investments made prior to May 2008.

#### Use of financial instruments

Reference is made to note 20 on page 58 which sets out a description of the financial instruments and associated risks.

#### **Secretary**

Dunedin LLP is appointed as Corporate Company Secretary pursuant to the Alternative Investment Fund Management Agreement, details of which are set out on page 61.

#### **Duration**

The Company does not have a fixed life.

#### **Bribery Act**

The Company has a zero-tolerance policy towards bribery and is committed to carrying out business fairly, honestly and openly. The investment manager also adopts a zero-tolerance approach and has policies and procedures in place to prevent and detect bribery.

#### **Facilitation of tax evasion**

The Company has a zero-tolerance policy towards the facilitation of tax evasion. The investment manager also adopts a zero-tolerance approach and has policies and procedures in place to prevent and detect the facilitation of tax evasion.

#### Social, Community and Environmental Policy

The statement on social, community, environmental and human rights policy on page 25 is included in the Strategic Report by reference.

#### **Modern Slavery Act**

The Company is an investment company and has no employees. The Directors are satisfied that, to the best of their knowledge, the Company's principal suppliers, which are listed on the inside back cover of this report, comply with the provisions of the UK Modern Slavery Act 2015.

#### Activities in the field of research and development

The Company does not undertake activities in the field of research and development.

#### **Greenhouse Gas Emissions**

All of the Company's activities are outsourced to third parties.

As such it does not have any physical assets, property, employees or operations of its own and does not generate any greenhouse gas or other emissions producing sources under the Companies Act 2006 (Strategic Report and Directors' Reports) Regulations 2013.

# **External Auditor**

The Directors confirm that so far as each Director is aware there is no relevant audit information of which the Company's external auditors are unaware. Each Director has also taken all reasonable steps that he or she ought to have taken as a Director to make himself or herself aware of any relevant audit information and to establish that the external auditors are aware of that information.

The External Auditor, KPMG LLP, has indicated its willingness to continue in office and a resolution re-appointing them and authorising the Directors to fix their remuneration will be proposed as resolutions 8 and 9 at the forthcoming Annual General Meeting.

#### **Annual General Meeting ("AGM")**

The AGM of the Company will be held at The Waldorf Astoria Edinburgh – The Caledonian, Princes Street, Edinburgh, EH1 2AB. Notice of the AGM is given on pages 62 to 64 of this report.

# Resolutions to be considered at the AGM

Resolutions 1 to 10 will be proposed as ordinary resolutions. This means that for each of those resolutions to be passed, more than half of the votes cast must be in favour of the resolution. Resolutions 11 and 12 will be proposed as special resolutions. This means that for each of those resolutions to be passed, at least three-quarters of the votes cast must be in favour of the resolution. Each of these resolutions is being proposed to comply with the Company's Articles of Association and to obtain certain authorities required under the 2006 Act from shareholders.

#### **Resolution 1: Receive the audited Report and Accounts**

Shareholders are being asked to receive the audited accounts for the year ended 31 December 2017.

#### **Resolution 2: Approve the Directors' Remuneration Report**

Shareholders are being asked to approve the Directors' Remuneration Report set out pages 35 to 37 for the year ended 31 December 2017.

#### **Resolution 3: Final Dividend**

Shareholders are being asked to approve the Final Dividend of 5.5p per Ordinary Share for the year ended 31 December 2017. If shareholders approve the recommended Final Dividend, it will be paid on 17 May 2018 to shareholders on the Company's register of members at the close of business on 27 April 2018.

#### Resolutions 4, 5, 6 and 7: Re-election of Directors

The Directors standing for re-election and their biographical details are set out on pages 5 to 6. The Board recommends to Shareholders the re-election of the Directors, each of whom the Board regards as possessing the requisite skills and attributes to continue making significant contributions in their respective roles.

# Resolutions 8 and 9: Re-appointment and remuneration of external auditors

The Company is required to appoint auditors at each general meeting at which accounts are presented to shareholders. It is proposed that KPMG LLP be and are hereby re-appointed auditors of the Company and will hold office from the conclusion of this meeting until the conclusion of the next general meeting at which accounts are laid before the Company, and that their remuneration be fixed by the Directors.

#### **Resolution 10: Authority to allot shares**

Resolution 10 will, if approved, give Directors a general authority to allot and issue B shares, from time to time up to an aggregate nominal amount of £169,033,907 (being the remainder of the aggregate total of £200,000,000 that may be allotted (as approved on 11 May 2017), following the allotment of B shares on 4 December 2017 and 5 February 2018) on a *pro rata* basis to the holders of Ordinary Shares by way of bonus issue. The authority will expire at the conclusion of the AGM of the Company to be held in 2019. Passing this resolution will ensure that the directors continue to have the ability to issue redeemable B shares to shareholders upon further realisations. The Company does not at present hold any shares in treasury.

# Resolution 11: Share buy-backs

The existing buy-back authority, granted at the AGM of the Company held on 11 May 2017, permits the Company to make market purchases of up to 14.99 per cent. of the Company's issued ordinary share capital as at 27 March 2017 and expires at the forthcoming AGM. The authority, under Resolution 11, if conferred, will only be exercised if, in the Directors' opinion, a repurchase would be in the best interests of shareholders as a whole and would result in an increase in the net asset value per Ordinary Share for the remaining shareholders.

The Directors propose to renew the authority at this year's AGM and seek authority to purchase up to 3,094,545 Ordinary Shares (being 14.99 per cent. of the issued share capital as at 28 March

2018 the latest practicable date prior to publication of this notice). This authority will expire at the conclusion of the AGM of the Company in 2019 (or, if earlier, the date following 15 months from this year's AGM). Purchases of Ordinary Shares will only be made through the market for cash at prices below the prevailing net asset value per Ordinary Share. Under the Listing Rules of the Financial Conduct Authority, the maximum price (excluding expenses) that can be paid is not more than the higher of (i) 5 per cent. above the average market values of the ordinary shares for the five business days before the day on which the purchase is made; (ii) the price of the last independent trade on the trading venue where the purchase is carried out; and (iii) the highest current independent purchase bid on that venue. The minimum price that may be paid will be 25p per share (being the nominal value of a share). Ordinary shares that are purchased will be cancelled. The effect of any cancellation would be to reduce the number of shares in issue. In making purchases, the Company will deal only with member firms of the London Stock Exchange.

#### **Resolution 12: Notice of General Meetings**

The Shareholder Rights Directive ("Directive") was implemented in the UK in August 2009. One of the requirements of the Directive is that all general meetings must be held on 21 days' notice unless shareholders agree to a shorter notice period. Resolution 12 seeks to renew this shareholder approval. The approval will be effective until the Company's next AGM, when it is intended that a similar resolution will be proposed. The Company will also need to meet the requirements for electronic voting under the Directive before it can call a general meeting on 14 days' notice. The Directors only intend to call a general meeting on less than 21 days' notice where the proposals are time sensitive and the short notice would clearly be an advantage to shareholders as a whole.

#### **Recommendation of the Board**

The Board considers that all the resolutions to be considered at the AGM are in the best interests of the Company and the shareholders as a whole. Your Board intends to vote in favour of them in respect of their entire beneficial holdings of Ordinary Shares which amount, in aggregate, to 202,802 Ordinary Shares (representing approximately 1.0 per cent. of the ordinary share capital of the Company in issue) and unanimously recommends that you do so as well.

By order of the Board,

# **Duncan Budge**

Chairman 20 March 2018 Corporate Governance Report

# **Corporate Governance Report**

#### Compliance

The Board considers that the Company has complied with the relevant provisions contained in the UK Corporate Governance Code issued by the Financial Reporting Council in April 2016 and the recommendations of the AIC's Code of Corporate Governance issued in July 2016 (the "AIC Code") by reference to the AIC Corporate Governance Guide for investment companies ("the AIC Guide") throughout this accounting period with the exception of the matters noted below.

The AIC Code and the AIC Guide can both be found on the AIC website (www.theaic.co.uk) and a copy of the UK Corporate Governance Code can be found at www.frc.org.uk.

The UK Corporate Governance Code includes provisions relating to the role of the Chief Executive, Executive Directors' remuneration and the need for an internal audit function. For the reasons set out in the AIC Guide, and as explained in the UK Corporate Governance Code, the Board considers that these provisions are not relevant to the position of the Company, which is an externally managed investment company. The Company has not, therefore, reported further in respect of these provisions.

The Company has no greenhouse gas emissions to report from the operations of the Company, nor does it have responsibility for any other emissions producing sources under the Companies Act 2006 (Strategic Report and Directors' Reports) Regulations 2013.

#### **The Board**

The Board consists of five non-executive Directors, all of whom the Company deems to be independent, even though Brian Finlayson has served as a Director for over nine years.

On appointment, new Directors are provided with an induction programme which is tailored to the particular circumstances of the appointee. Following appointment, the Chairman regularly reviews and agrees with Directors, as appropriate, their training and development needs as necessary to enable them to discharge their duties taking account of company specific matters and industry issues.

The Board determines the strategic direction of the Company. It meets at least four times a year and there is regular contact with Dunedin (the "Manager") between these meetings. There is a formal schedule of matters specifically reserved for Board decision. The schedule of matters is reviewed regularly by the Board. The Directors also have access to any information, the advice and services of the Company Secretary and, if required, external advice at the expense of the Company. The Company Secretary is also responsible for ensuring good information flows between all parties. The Board maintains ongoing dialogue with the Company's legal adviser in relation to corporate governance matters.

The Directors have considered their duties under section 172 of the Companies Act 2006 in promoting the success of the Company for the benefit of the stakeholders who are, in the main, the Company's

shareholders. The Directors have taken into consideration the likely consequences of any decision in the long-term; the need to foster the Company's business relationships with Dunedin and the Company's advisers; the desirability of the Company maintaining a reputation for high standards of business conduct; and the need to act fairly as between members of the Company.

There is a clear division of responsibility between the Board and the Manager. The Manager's role is defined within the Alternative Investment Fund Management Agreement. The Board and the Manager have agreed clearly defined investment criteria and specific levels of authority. Reports on these issues, including performance statistics, investment valuations and management accounts, are submitted to the Board at each meeting. The Manager's evaluation procedure and financial analysis of the companies within the portfolio includes detailed research and appraisal, and also takes into account environmental policies and social, ethical, human rights and other business issues.

The Manager's environmental, social and governance policy can be found at www.dunedin.com. The Manager also supports the principles of the UK Stewardship Code and implements these where applicable. As an institutional investor, the Company recognises its responsibility that the companies in which it invests should aspire to appropriate levels of corporate governance. As a matter of policy, the Company aims to utilise its votes in respect of shares held in the relevant underlying portfolio companies at the annual general meetings of these companies. In the year to 31 December 2017 the Company voted in favour of all resolutions put forward at the annual general meetings of portfolio companies.

The Company's Articles of Association require that all Directors are subject to retirement by rotation and, given this and that all of the Directors are non-executive directors, the Board does not consider it necessary for the Directors to be appointed for a fixed term as recommended by provision B.2.3 of the UK Corporate Governance Code. The Board's policy on tenure is to adopt best practice in line with the requirement of the UK Corporate Governance Code for FTSE 350 companies, for all Directors to retire and, if appropriate, stand for annual re-election at each AGM. The Board does not feel that it would be appropriate to adopt a policy whereby Directors serve for a limited period as the historical knowledge of the portfolio is a key benefit. Any Directors appointed to the Board since the previous AGM also retire and stand for election.

The Board undertakes a formal annual evaluation of its own performance and that of its committees and individual Directors, including the Chairman. The most recent evaluation was carried out in November 2017 and the next evaluation is planned to take place in November 2018. An external consultant has assisted the Board in this evaluation from time to time. The Board as a whole meets to assess its own performance and that of its Committees. The Chairman undertakes a review of each Director to assess their performance. The non-executive Directors, led by the Senior Independent Director, are responsible for performance

Corporate Governance Report

evaluation of the Chairman. The review considers, amongst other things, the balance of skills of the Board and its diversity, the contribution of individual Directors and the overall effectiveness of the Board and its committees. Each individual Director's training requirements are reviewed as part of the annual evaluation process. The Board believes that it has an appropriate balance of skills and experience, length of service, diversity (including gender) and knowledge of the Company.

The Board supports diversity in the boardroom and is of the opinion that appointments to the Board should be made taking into account a number of different criteria, including diversity of gender, background and personal attributes, alongside the appropriate skill set, experience and expertise.

The table below details the number of Board, Audit, Nomination and Management Engagement Committee meetings attended by each Director. During the year there were four Board meetings, four Audit Committee meetings, three Nomination Committee meetings and two Management Engagement Committee meetings.

Directors	Board meetings attended	Audit Committee meetings attended	Nomination Committee meetings attended	Management Engagement Committee meetings attended
Duncan Budge	4	4	3	2
Brian Finlayson	4	4	3	2
Michael Meyer Jensen (appointed 11 May 20		2	1	1
Angela Lane	4	4	3	2
Federico Marescotti	4	4	3	2

# **Board Committees**

There are three committees of the Board: the Nomination Committee, the Management Engagement Committee and the Audit Committee. The Board considers that, given the size of the Board, it would be unnecessarily burdensome to establish separate Nomination, Management Engagement and Audit Committees which did not involve the entire Board and believes that this enables all Directors to be kept fully informed of any issues that arise. The terms of reference for each committee are available on the Company's website. A report of the activity of each committee is set out below.

Due to the size of the Board, the Board has not established a separate Remuneration Committee and, as a whole, fulfils the function of the remuneration committee.

#### **Nomination Committee**

## Members:

Duncan Budge (Chairman) Brian Finlayson Michael Meyer Jensen Angela Lane Federico Marescotti The Nomination Committee comprises all the independent nonexecutive directors. The Nomination Committee is responsible for identifying and nominating to the Board new Directors and for considering whether existing Directors should be re-elected. The Nomination Committee is also responsible for monitoring the composition, size and structure of the overall Board. The Nomination Committee aims to maintain an appropriate balance of skills and experience within the Board and, together with the Board, supports the principle of diversity in the boardroom. Given the small size of the Board, it is not considered appropriate for the Company to have set targets or quotas in relation to diversity; candidates are assessed in relation to the relevant needs of the Company at the time of the appointment. The Nomination Committee is responsible for ensuring that any recruitment process takes account of the Company's diversity policy. From time to time, the Nomination Committee uses external specialist search consultants, as appropriate, to assist it in carrying out its responsibilities.

The Nomination Committee is chaired by Duncan Budge, except when this committee considers his succession and reviews his performance. In such circumstances, the Nomination Committee elects an alternative member to take the Chair. The Nomination Committee met twice in the year and gave careful consideration to Michael Meyer Jensen's proposed appointment.

#### **Management Engagement Committee**

#### Members:

Duncan Budge (Chairman) Brian Finlayson Michael Meyer Jensen Angela Lane Federico Marescotti

The Management Engagement Committee comprises all the independent non-executive Directors. The Management Engagement Committee reviews the performance of the Manager and its compliance with the terms of the Alternative Investment Fund Management Agreement. The terms and conditions of the Manager's appointment, including an evaluation of performance and fees, are reviewed by the Management Engagement Committee on an annual basis.

#### **Audit Committee**

#### Members:

Angela Lane (Chairman) Duncan Budge Brian Finlayson Michael Meyer Jensen Federico Marescotti

The Audit Committee comprises all the independent non-executive Directors. The Directors believe that it is in the best interests of the Company that its Chairman, Duncan Budge, is a member of the Committee. The Board is satisfied that the Audit Committee has the necessary skills and experience to operate effectively. The Audit Committee Report is set out on pages 33 to 34.

Corporate Governance Report

#### **Internal Controls**

The Directors have overall responsibility for ensuring that there are systems of internal control in place, both financial and non-financial, and for reviewing their effectiveness. The purpose of the internal financial controls is to ensure that proper accounting records are maintained, the Company's assets are safeguarded and the financial information used within the business and for publication is accurate and reliable. Such a system can provide reasonable, but not absolute assurance against material misstatement or loss.

Under the terms of the management agreement the day-to-day management and operation of the Company has been delegated to the Manager. Clear lines of accountability have been established between the Board and the Manager. The Board and the Manager have agreed clearly defined investment criteria, specified levels of authority and exposure limits. The Manager is responsible for the design, implementation and maintenance of controls and procedures to safeguard the assets of the Company and to manage its affairs properly. The system extends to financial, operational and compliance controls and risk management. The Board reviews the financial reports and performance statistics, including projections and management accounts from the Manager on a regular basis. Annually the Audit Committee carries out an assessment of internal risks and controls. In carrying out its review, the Audit Committee has regard to the activities of the Manager, including its risk management, compliance function and whistle-blowing policies, and the Independent Auditors.

On the basis of this work, the Board confirms that there is an ongoing process for identifying, evaluating and managing any significant business and operational risks faced by the Company and that this process has been in place for the year ended 31 December 2017 and up to the date of the annual report and accounts.

The Audit Committee considers, and the Board agrees that an internal audit function is not required by the Company as the internal control systems operated by the Manager provide sufficient assurance of the effectiveness of internal controls.

#### **Relations with Shareholders**

All shareholders have the opportunity to attend in person and vote at the AGM. The notice of the AGM sets out the business of the meeting and items of business are explained in the Directors' Report on pages 26 to 29. Separate resolutions are proposed for each substantive issue. Both the Board and representatives of the Manager are available to answer shareholders' questions at the AGM. Proxy voting figures are announced to shareholders at the AGM.

The Chairman and Manager hold regular discussions with substantial shareholders, the feedback from which is greatly valued by the Board. In addition, the Chairman and Directors are available to enter into dialogue and correspondence with shareholders regarding the progress and performance of the Company at any point during the year. They can be contacted at the registered office address of the Company noted on page 69. Additionally, the Chairman can be contacted via email at duncan.budge@dunedinenterprise.com. All correspondence received from shareholders is passed directly to the Chairman.

The Senior Independent Director is available to shareholders if their concerns have not been resolved through the normal channels or where these are inappropriate.

All communications by the Company with shareholders are approved by the Board.

The Company's website is www.dunedinenterprise.com. The Manager's presentation to shareholders will be available on the website after the AGM.

#### Share buy-backs

Reference is made on page 25 of the Strategic Report for further information on share buy-backs.

#### Significant shareholdings

Reference is made on page 27 of the Director's Report for further information on the Company's significant shareholdings.

By order of the Board,

# **Duncan Budge**

Chairman 20 March 2018 Audit Committee Report

# **Audit Committee Report**

The Audit Committee is chaired by Angela Lane and comprises all of the Directors, all of whom are independent. The Audit Committee's principal responsibilities are:

- to review the interim and annual financial statements (and consider their integrity), interim management statements, announcements and matters relating to accounting policy, laws and regulations;
- to evaluate the risks to the quality and effectiveness of the financial reporting process;
- to review the consistency of accounting policies on a year on year basis;
- to review compliance with applicable accounting standards and make appropriate judgements, taking into account the views of the external auditor;
- where requested, to review the content of the Annual Report and Accounts and advise the Board whether the report as a whole is fair, balanced and understandable and provides the information necessary for shareholders to assess the Company's position, performance, business model and strategy;
- to review and recommend for approval by the Board the valuation of portfolio investments;
- to review the effectiveness of the internal control systems and the policies and procedures for the identification and assessment of business risks and the management of these risks:
- to review corporate governance compliance;
- to review the nature and scope of the work to be performed by the external auditors, including monitoring the statutory audit of the annual financial statements;
- to evaluate the independence, objectivity, effectiveness, resources and qualifications of the auditors and develop and implement a policy on the engagement of the auditors to provide non audit services and to review such fees having regard to their independence;
- to make recommendations as to the appointment and remuneration of the external auditors; and
- to formally report to the Board on how it has discharged its duties.

The Audit Committee has a schedule which sets out its annual work programme to ensure it covers the areas within its remit appropriately. It met four times during the year to carry out its responsibilities and senior representatives of the investment manager ("the Manager") attended the meetings as required by the Audit Committee. The external auditors attended the Audit Committee's meetings twice in the year and met with the Audit Committee without representatives of the Manager being

present. In between meetings, the Audit Committee chairman maintains ongoing dialogue with the Manager and the external audit director.

The Audit Committee met four times during the year under review. The main agenda item discussed at each of these meetings was the valuation of portfolio investments.

During the year the Audit Committee carried out a review of its terms of reference and its own effectiveness. It concluded that the Audit Committee is satisfactorily fulfilling its terms of reference and is operating effectively.

#### Significant accounting matters

The significant issue considered by the Audit Committee during the year in relation to the financial statements of the Company was the valuation of unquoted investments.

The Company's accounting policy for valuing unquoted investments is set out in note 4 on page 49. The Audit Committee reviewed and challenged the valuations prepared by the Manager taking account of the latest available information about the Company's investments and the Manager's knowledge of the underlying companies through their ongoing monitoring, position on portfolio company boards and participation on fund advisory committees. The Audit Committee satisfied itself that the valuation of investments had been carried out consistently with prior accounting periods, or that any change in valuation basis was appropriate, and in accordance with published industry guidelines.

The external auditors explained the results of their review of the procedures undertaken by the Manager for the valuation. On the basis of their audit work, no material differences were identified by the auditor.

#### **Going Concern**

The current investment policy of the Company is to conduct an orderly realisation of its assets leading ultimately to the liquidation of the Company. It was concluded that the financial statements should not be prepared on a going concern basis. No adjustments were necessary to the investment valuations or other assets and liabilities included in the financial statements as a consequence of the basis of preparation. The auditor's report contains an "emphasis of matter" paragraph referring to the nongoing concern basis of preparation.

#### **External Auditor**

The Audit Committee monitored the relationship with the external auditor with a view to ensuring that it did not provide non-audit services to the Company that had the potential to impair or appear to impair the independence of its audit role. In light of the restrictions of the FRC's Ethical Standard placed on the provision of non-audit services by the Company's auditor, the Audit Committee's policy is that no tax services will be provided by the auditor and that any other proposed non-audit services will require pre-approval by the Audit Committee. There were no

Audit Committee Report

non-audit services provided to the Company by the external auditor during the year ended 31 December 2017, other than services provided in relation to the Independent Review performed for the half year to 30 June 2017.

The external auditor, KPMG, has provided details of other relationships it has with the Manager and confirmed to the Board that in its opinion it is independent of the Manager. The Audit Committee has reviewed the independence and objectivity of the external auditor and has reviewed the non-audit services provided by the external auditor for the financial year ended 31 December 2017. Fees payable to the external auditor comprised  $\mathfrak{L}6,375$  (which is 26% of the audit fee) in respect of non-audit services. As noted above, the non-audit services relate to the Independent Review performed for the half year to 30 June 2017. The Audit Committee is satisfied that the external auditor continues to demonstrate its independence.

The appointment of KPMG has not been put out to tender notwithstanding KPMG's tenure of 22 years, as the Audit Committee, from ongoing review of the external auditor's work and effectiveness, and indirect enquiry of the Manager, remains satisfied that KPMG continue to provide a high-quality audit and effective independent challenge in carrying out their responsibilities. Under EU regulations KPMG are permitted to undertake the audit of the Company until the year ended 31 December 2022. The Committee will keep KPMG's appointment under ongoing review. The current audit director is Philip Merchant, whose appointment was approved by the Board with effect from 11 May 2016. Under the rotation requirements of the FRC ES, the KPMG LLP audit director will rotate every five years. Philip Merchant is in his second year.

During the year the Committee completed an external auditor performance evaluation questionnaire. The Committee reviewed and discussed the results of the questionnaire. Having considered these matters and the effectiveness of the external auditor, the Audit Committee has recommended to the Board that, subject to shareholder approval at the 2018 Annual General Meeting, KPMG LLP be re-appointed as external auditor for the forthcoming year.

#### **Risk Management and Internal Control**

The Company does not have an internal audit function. The Committee believes this is appropriate as all of the Company's management functions are delegated to the Manager which has its own internal control and risk monitoring arrangements. A report on these arrangements is prepared by the Manager and submitted to the Audit Committee which it reviews on behalf of the Board to support the Directors' responsibility for overall internal control as set out in the Governance Report on page 32.

The Company does not have a whistleblowing policy and procedure in place. The Company delegates this function to the Manager who is regulated by the FCA and has such policies in place. The Audit Committee has been informed by the Manager that these policies meet the industry standards and no whistleblowing took place during the year.

#### **Angela Lane**

Chairman of the Audit Committee 20 March 2018

Directors' Remuneration Report

# **Directors' Remuneration Report**

This report has been prepared by the Directors in accordance with the requirements of Section 420 of the Companies Act 2006. A resolution to approve the report will be proposed at the Annual General Meeting.

The Company's independent auditor, KPMG LLP, is required to give an opinion on certain information included in this report, as indicated below. The auditor's report on these and other matters is set out on pages 39 and 42.

#### **Chairman's Annual Statement**

On behalf of the Board and in accordance with Part 2 of Schedule 8 of the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2013 ("2013 Regulations"), the Chairman confirms that there have been no major decisions taken on Directors' remuneration and no substantial changes relating to Directors' remuneration made during the previous financial year to 31 December 2017.

#### 1) Directors' Remuneration Policy Report

This Report provides details of the remuneration policy for the Directors of the Company and is the same in all material respects as the policy put into practice by the Board. All Directors are non-executive, appointed under the terms of their letters of appointment and under the same terms as in force at the date of their appointment.

This Remuneration Policy was approved by a resolution of the Company's shareholders at the Annual General Meeting of the Company held on 11 May 2017 and was passed by 98.55% (7,361,780 votes) of shareholders voting in favour of the resolution and 1.45% (108,401 votes) voting against. Its provisions are applicable until the next triennial shareholder vote in 2020. The Remuneration Policy remains unchanged from that approved by shareholders in 2017. The Remuneration Policy provisions set out below will apply until the next triennial shareholder vote unless shareholders approve amendments sooner. The Company does not intend making any significant changes to implementation of the Remuneration Policy in the current financial year.

Due to the size of the Board, the Board as a whole fulfils the function of the Remuneration Committee and considers any change in the Directors' Remuneration Policy, as well as implementation of that policy. A separate Committee has therefore not been established. The Company's Directors are all independent of the Manager.

The non-executive Directors of the Company and all new Directors of the Company are entitled to such rates of annual fees, together with any incremental fees payable in recognition of any Director's additional time commitment, as the Board at its discretion shall from time to time determine, subject to the aggregate annual fees not exceeding an amount set by shareholders through the Articles of Association currently set at

£200,000, and reimbursement of reasonable fees and expenses incurred by them in the performance of their duties. The level of fees paid to Directors is determined by assessing their time commitment and responsibilities in fulfilling their roles. The Chairman of the Board, Chairman of the Audit Committee and Senior Independent Director are paid higher fees, reflecting the greater amount of time spent on the Company's business. As well as monitoring the approach by similar investment trusts to fees, suitable external advice is sought where appropriate.

In line with the majority of investment trusts, no component of any Director's remuneration is subject to performance factors, introductory fees or an exit payment. Additionally, Directors are not eligible for pension benefits, share options, long-term incentive schemes or other benefits. As the Company has no employees, no consideration needs to be given to employment conditions in setting Directors' pay. Subject to the triennial shareholder vote, the Company has not sought shareholder views on its remuneration policy.

It is the Company's policy that Directors do not have service contracts. The terms of their appointment provide that in line with the provisions set by the Articles of Association, a Director shall retire and be subject to election by shareholders at the first Annual General Meeting after their appointment and stand for re-election every three years thereafter. However, it is the policy of the Board that Directors are re-elected annually. The terms also provide that a Director may be removed from office with a notice period of three months. No compensation is payable for loss of office.

The Company indemnifies Directors in respect of costs, charges, liabilities, damages and expenses, arising out of any claims or proposed claims made for negligence, default, breach of duty, breach of trust or otherwise, or relating to any application under Section 1157 of the Companies Act 2006, in connection with the performance of their duties as Directors of the Company.

**Table of Directors' Remuneration Components** 

	2017¹ £	2016 £
Chairman fee	34,000	34,000
Non-executive Director base fee	23,000	23,000
Additional fee for chair of the		
Audit Committee	3,000	3,000
Additional fee for Senior		
Independent Director	3,000	3,000

The fees noted above represent the entirety of fees paid to Directors.

Directors' fees may be increased, subject to the current maximum aggregate limit of £200,000 per annum stated in the Company's Articles of Association. Directors' Remuneration Report

#### 2) Directors' Remuneration Implementation Report

This report is prepared in accordance with Schedule 8 of the 2013 Regulations.

The rates of Directors' fees for the financial year to 31 December 2017 were set out in the Directors' Remuneration Report contained in the Company's 2016 Annual Report and Accounts. A non-binding ordinary resolution proposing adoption of the Remuneration Report was put to shareholders at the Company's Annual General Meeting held on 11 May 2017 and was passed by 98.6% (7,358,423 votes) of shareholders voting in favour of the resolution, 1.4% (106,230 votes) voting against.

The Company does not anticipate making any significant changes to implementation of the Remuneration Policy in the current financial year.

#### Directors' emoluments for the year (audited)

All Directors who served during the year ended 31 December 2017 received the emoluments, in the form of fees, as described in the table below.

#### Single Total Figure Table (audited)

	2017 Annual Fees £	2016 Annual Fees £
Liz Airey (retired 11 May 2016)	_	10,040
Duncan Budge	34,000	34,000
Brian Finlayson	23,000	23,000
Angela Lane	26,000	25,373
Michael Meyer Jensen	-	_
Federico Marescotti	26,000	24,914
Total	109,000	117,327

The fees noted above represent the entire remuneration paid to Directors. Michael Meyer Jensen has waived his right to be paid a Director's fee.

#### Relative importance of expenditure on pay

As required by the 2013 Regulations, to allow shareholders to assess the relative importance of expenditure on pay, the table below demonstrates the total remuneration paid to the Directors compared to the distributions to shareholders by way of dividend and any other significant distributions and payments. Point (b) in respect of the B share redemption is a new comparator and has not been used in previous years because the first B share issue took place in 2017.

	2017 £	2016 £	Difference
Spend on Directors' fees' Distributions to shareholder	<b>109,000</b>	117,327	-7%
(a) dividends (b) B share redemption	6,399,659	3,303,050	+94%
(inc costs)	20,707,689	-	n/a%

# Statement of Directors' shareholding and share interests (audited)

The names of the Directors and their shareholdings in the Company as at 31 December 2017 are shown in the table below. The Company has not been notified of any changes to the Directors' shareholdings between 31 December 2017 and 19 March 2018. The shareholdings of connected persons to the Directors are included in the figures below.

	<b>2017</b> #	2016 #
Duncan Budge	46,850	46,850
Brian Finlayson	126,052	126,052
Michael Meyer Jensen	4,900	_
Angela Lane	15,000	15,000
Federico Marescotti	10,000	10,000

Directors' Remuneration Report

#### Share price total return

The graph below presents for the period from 31 December 2007 to 31 December 2017 the total shareholder returns compared to the total return on the FTSE Small Cap (ex-investment companies) and the FTSE All Share (ex-investment companies). These indices are chosen for comparative purposes only.

The Directors' Remuneration Report on pages 35 to 37 was approved by the Board of Directors and signed on its behalf on 20 March 2018.

#### **Duncan Budge**

Chairman 20 March 2018 Statement of Directors' Responsibilities

# **Statement of Directors' Responsibilities**

### in respect of the Annual Report and the Financial Statements

The Directors are responsible for preparing the Annual Report and financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with IFRSs as adopted by the EU and applicable law.

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of its profit or loss for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether they have been prepared in accordance with IFRSs as adopted by the EU;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they
  either intend to liquidate the Company or to cease
  operations, or have no realistic alternative but to do so. As
  explained in note 1, the Directors do not believe that it is
  appropriate to prepare these financial statements on a
  going concern basis.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that its financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

Under applicable law and regulations, the Directors are also responsible for preparing a Strategic Report, Directors' Report, Directors' Remuneration Report and Corporate Governance Statement that complies with that law and those regulations.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

# Responsibility statement of the directors in respect of the annual financial report

We confirm that to the best of our knowledge:

- the financial statements, prepared in accordance with the applicable set of accounting standards, give a true and fair view of the assets, liabilities, financial position and profit or loss of the company; and
- the Strategic Report and Directors' Report includes a fair review of the development and performance of the business and the position of the issuer, together with a description of the principal risks and uncertainties that they face.

We consider the annual report and accounts, taken as a whole, is fair, balanced and understandable and provides the information necessary for shareholders to assess the Company's position and performance, business model and strategy.

#### **Duncan Budge**

Chairman 20 March 2018

# **Independent Auditor's Report**

### To the members of Dunedin Enterprise Investment Trust PLC

#### 1. Our opinion is unmodified

We have audited the financial statements of Dunedin Enterprise Investment Trust PLC ("the Company") for the year ended 31 December 2017 which comprise the Income Statement, Balance Sheet, Cash Flow Statement, Statement of Changes in Equity, and the related notes, including the accounting policies set out in note 2.

In our opinion the financial statements:

- give a true and fair view of the state of Company's affairs as at 31 December 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with International Financial Reporting Standards as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion. Our audit opinion is consistent with our report to the audit committee.

We were appointed as auditor by the shareholders on 29 August 1996. The period of total uninterrupted engagement is for the 22 financial years ended 31 December 2017. We have fulfilled our ethical responsibilities under, and we remain independent of the Company in accordance with, UK ethical requirements including the FRC Ethical Standard as applied to listed public interest entities. No non-audit services prohibited by that standard were provided.

Overview		
Materiality: financial statement as a whole	£1.01m (201) ts 1% of to	6: £1.05m) otal assets
Risk of material n	nisstatement	vs 2016
Recurring risk	Valuation of unquoted	<b>◆</b> ▶

#### 2. Key audit matters: our assessment of risks of material misstatement

Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the financial statements and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by us, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. We summarise below the key audit matter (unchanged from 2016) in arriving at our audit opinion above, together with our key audit procedures to address that matter and, as required for public interest entities, our results from those procedures. This matter was addressed, and our results are based on procedures undertaken, in the context of, and solely for the purpose of, our audit of the financial statements as a whole, and in forming our opinion thereon, and consequently are incidental to that opinion, and we do not provide a separate opinion on this matter.

#### The risk

# Valuation of unquoted investments

(£67.2m; 2016: £103.8m)

Refer to page 33 (Audit Committee Report), pages 48 to 50 (accounting policy) and pages 53 to 56 (financial disclosures).

### Subjective valuation

66.5% of the company's total assets (by value) is held in investments where no quoted market price is available. Unquoted investments are measured at fair value, which is established in accordance with the International Private Equity and Venture Capital Valuation Guidelines by using measurements of value such as prices of recent orderly transactions, earnings multiples and net assets. There is a significant risk over the valuation of these investments.

#### Our response

Our procedures included:

- Control design: Documenting and assessing the design and implementation of the investment valuation processes and controls:
- Control observation: Attendance at the interim and yearend Audit Committee meetings where we assessed the effectiveness of the Audit Committee's challenge and approval of the unlisted valuations.
- Historical comparisons: Assessment of investment realisations in the period, comparing actual sales proceeds to prior year end valuations to understand the reasons for significant variances and determine whether they are indicative of bias or error in the company's approach to valuations:
- Methodology choice: In the context of observed industry best practice and the provisions of the International Private Equity and Venture Capital Valuation Guidelines, we challenged the appropriateness of the valuation basis selected;
- Our valuations experience: Challenging the investment manager on key judgements affecting investee company valuations, such as discount factors and the choice of benchmark for earnings multiples. We compared key underlying financial data inputs to external sources, investee company audited accounts and management information as applicable. We challenged the assumptions around sustainability of earnings based on the plans of the investee companies and whether these are achievable. Our work included consideration of events which occurred subsequent to the year end up until the date of this audit report;.
- Assessing transparency: Consideration of the appropriateness, in accordance with relevant accounting standards, of the disclosures in respect of unquoted investments and the effect of changing one or more inputs to reasonably possible alternative valuation assumptions.

**Our results:** We found the Company's valuation of unquoted investments to be acceptable (2016: acceptable).

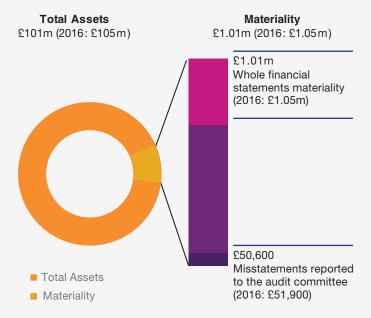

#### Our application of materiality and an overview of the scope of our audit

Materiality for the financial statements as a whole was set at  $\mathfrak{L}1.01$ m (2016:  $\mathfrak{L}1.05$ m), determined with reference to a benchmark of total assets, of which it represents 1% (2016: 1%).

We agreed to report to the Audit Committee any corrected and uncorrected identified misstatements exceeding £50,600 (2016: £51,900), in addition to other identified misstatements that warranted reporting on qualitative grounds.

Our audit of the company was undertaken to the materiality level specified above and was performed at the investment manager's offices in Edinburgh.

#### Emphasis of matter – non-going concern basis of preparation

We draw attention to the disclosure made in note 1 to the financial statements which explains that the financial statements have not been prepared on the going concern basis for the reason set out in that note. Our opinion is not modified in respect of this matter

#### We have nothing to report on the other information in the Annual Report

The directors are responsible for the other information presented in the Annual Report together with the financial statements. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work we have not identified material misstatements in the other information.

#### Strategic report and directors' report

Based solely on our work on the other information:

- we have not identified material misstatements in the strategic report and the directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

#### Directors' remuneration report

In our opinion the part of the Directors' Remuneration Report to be audited has been properly prepared in accordance with the Companies Act 2006.

#### Disclosures of principal risks and longer-term viability

Based on the knowledge we acquired during our financial statements audit, we have nothing material to add or draw attention to in relation to:

- the directors' confirmation within the Viability Statement on page 26 that they have carried out a robust assessment of the principal risks facing the Company, including those that would threaten its business model, future performance, solvency and liquidity;
- the Principal Risks disclosures describing these risks and explaining how they are being managed and mitigated; and
- the directors' explanation in the Viability Statement of how they have assessed the prospects of the Company, over what period they have done so and why they considered that period to be appropriate, and their statement as to whether they have a reasonable expectation that the Company will be able to continue in operation and meet its liabilities as they fall due over the period of their assessment, including any related disclosures drawing attention to any necessary qualifications or assumptions.

Under the Listing Rules we are required to review the Viability statement. We have nothing to report in this respect.

#### Corporate governance disclosures

We are required to report to you if:

 we have identified material inconsistencies between the knowledge we acquired during our financial statements audit and the directors' statement that they consider that the annual report and financial statements taken as a whole is fair, balanced and understandable and provides the information necessary for shareholders to assess the Company's position and performance, business model and strategy; or

 the section of the annual report describing the work of the Audit Committee does not appropriately address matters communicated by us to the Audit Committee.

We are required to report to you if the Corporate Governance Statement does not properly disclose a departure from the eleven provisions of the UK Corporate Governance Code specified by the Listing Rules for our review.

We have nothing to report in these respects.

# 6. We have nothing to report on the other matters on which we are required to report by exception

Under the Companies Act 2006, we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements and the part of the Directors'
   Remuneration Report to be audited are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

# 7. Respective responsibilities Directors' responsibilities

As explained more fully in their statement set out on page 38, the directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

#### Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud, other irregularities, or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud, other irregularities or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements. The risk of not detecting a material misstatement resulting from fraud or other irregularities is higher than for one resulting from error, as they may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control and

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

#### Irregularities - ability to detect

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our sector experience, through discussion with the directors and the manager (as required by auditing standards).

We had regard to laws and regulations in areas that directly affect the financial statements, being the Company's qualification as an Investment Trust under UK tax legislation and financial reporting (including related company legislation). We considered the extent of compliance with those laws and regulations as part of our procedures on the related financial statement items.

In addition we considered the extent of compliance with those laws and regulations that directly impact the financial statements, being the Company's qualification as an Investment Trust for tax purposes, any breach of which could lead to the Company losing various deductions and exemptions from UK corporation tax, and financial reporting (including related company legislation), as part of our procedures on the related financial statement items. With the exception of any known or possible non-compliance, and as required by auditing standards, our work in respect of these was limited to enquiry of the directors and the manager. We considered the effect of any known or possible non-compliance in these areas as part of our procedures on the related financial statement items.

We communicated identified laws and regulations throughout our team and remained alert to any indications of noncompliance throughout the audit.

As with any audit, there remained a higher risk of nondetection of non-compliance with relevant laws and regulations irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

# 8. The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

The notes on pages 47 to 60 form part of the financial statements.

### **Notes to the Accounts**

#### 1. General information and basis of preparation

Dunedin Enterprise Investment Trust PLC ('the Company') is a company incorporated and registered in the United Kingdom. The principal activity of the Company is that of a closed-ended investment trust within the meaning of Section 1158 of the Corporation Tax Act 2010 and its investment objective and policy is detailed in the Strategic Report.

The financial statements of the Company have been prepared in accordance with International Financial Reporting Standards as adopted by the European Union ('IFRSs') which comprise standards and interpretations issued by the International Accounting Standards Board ('IASB'), and as applied in accordance with the provisions of the Companies Act 2006.

The annual financial statements have also been prepared in accordance with the AIC Statement of Recommended Practice for the Financial Statements of Investment Trust Companies and Venture Capital Trusts issued in November 2014 and updated in January 2017 with consequential amendments ('the SORP'). Where presentation guidance set out in the SORP is consistent with the requirements of IFRSs, the Directors have sought to prepare the financial statements on a basis compliant with the recommendations of the SORP.

The financial statements are presented in pounds sterling, rounded to the nearest thousand.

#### Going concern

The financial statements have not been prepared on a going concern basis, since the Company's current objective is to conduct an orderly realisation of the investment portfolio and return cash to shareholders. Following the Director's assessment, no adjustments were deemed necessary to the investment valuations or other assets and liabilities included in the financial statements as a consequence of the change in the basis of preparation.

# Critical accounting judgements and key sources of estimation uncertainty

The preparation of financial statements in conformity with IFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities, income and expenses at the date of the financial statements. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable in the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period if the revision affects both current and future periods.

Judgements made by management in the application of IFRS that have a significant effect on the Financial Statements and significant estimates are disclosed in note 3.

#### 2. Accounting Policies

#### a. Consolidation

Subsidiaries are entities over which the Company has control. The Company controls an entity when it is exposed to, or has the rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Company reassesses whether it has control if there are changes to one or more elements of control. This includes circumstances in which protective rights held (e.g. those resulting from a lending relationship) become substantive and lead to the Company having power over an entity.

As discussed in note 1, as at 31 December 2017 the Company has one subsidiary, a 100% controlling interest in Dunedin Funds of Fund LP ("FoF LP"). Under IFRS 10 'Consolidated Financial Statements', qualifying entities that meet the definition of an investment entity are not required to prepare consolidated financial statements and instead account for subsidiaries at fair value through profit or loss. The Directors deem the Company to be an investment entity and therefore the Company does not consolidate its subsidiary but instead carries it at fair value through profit or loss.

To qualify as an investment entity, the following criteria must be met:

- The entity holds more than one investment;
- The entity has more than one investor;
- The entity has investors that are not related parties to the entity; and
- The entity has ownership interest in the form of equity or similar interests.

However, the absence of one or more of these characteristics does not prevent the entity from qualifying as an investment entity, provided all other characteristics are met and the entity otherwise meets the definition of an investment entity:

- The entity obtains funds from one or more investors for the purpose of providing those investor(s) with professional investment management services;
- The entity commits to its investor(s) that its business purpose is to invest funds solely for returns from capital appreciation, investment income or both; and
- The entity measures and evaluates the performance of substantially all of its investments on a fair value basis.

#### 2. Accounting Policies continued

The Company meets all of the defined criteria of an investment entity and consequently the Directors deem that the Company is an investment entity.

FoF LP does not meet all the defined criteria of an investment entity as it is 100% owned by the Company. However, the Directors deem it is nevertheless an intermediate investment entity as the Company (which holds 100% of the interests in each entity) has a number of investors.

Therefore as the Company meets the requirements of an investment entity, the Company accounts for its subsidiary at fair value through profit or loss in accordance with IAS 39 "Financial Statements: Recognition and Measurement". The Investments at fair value through profit or loss carried in the Balance Sheet include the Company's investment in FoF LP. See note 12 for more detail on the investments held at fair value through profit or loss.

Accounting standards require that if an investment entity is the parent of another investment entity, the parent shall also provide the additional disclosures required by IFRS 12 'Disclosure of Interests in Other Entities'. These disclosures are set out in note 21

#### b. Associated Undertakings

The Company holds a number of investments in entities over which it has significant influence which meet the definition of associates in IAS28 Investment in Associates. The Company has taken advantage of the exemption from applying IAS28 as these investments are held as part of the Company's portfolio with a view to the ultimate realisation of capital gains. These investments are accounted for at fair value through profit and loss rather than being consolidated.

#### c. Revenue/capital

The revenue column of the income statement includes all income and expenses except for the realised and unrealised profit and loss on investments and the proportion of management fee and finance costs charged to capital which are included in the capital column.

#### d. Income

Dividends receivable on quoted equity shares are brought into account on the ex-dividend basis. Dividends receivable on equity shares where no ex-dividend date is applicable are brought into account when the Group's right to receive payment is established. Interest income is accounted for on an effective yield basis except where there is uncertainty as to whether the interest will be received.

#### e. Expenses

All expenses are accounted for on an accruals basis. Expenses are charged to the revenue column within the Income Statement except that:

 expenses which are incidental to the acquisition or disposal of an investment are charged to the capital column as incurred, expenses are split and presented partly as capital items
where a connection with the maintenance or enhancement
of the value of the investments can be demonstrated, and
accordingly the investment management fee and finance
costs have been allocated 25% to revenue and 75% to
capital in order to reflect the Directors' expected long-term
view of the nature of the investment returns of the
Company.

#### f. Cash and cash equivalents

Cash and cash equivalents comprise current deposits with banks. These are subject to an insignificant risk of changes in value and are held for the purpose of meeting short term cash commitments rather than for investment or other purposes.

#### g. Financial assets and liabilities

#### (i) Classification

The Company classifies its financial assets and liabilities in the following categories: at fair value through profit or loss; and financial assets and liabilities at amortised cost. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition by management.

#### Financial assets at fair value through profit or loss

The financial assets comprise private equity investments and an investment in Dunedin Fund of Funds LP. The assets in this category are classified as non-current.

#### Financial assets and liabilities at amortised cost

These assets and liabilities are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They comprise other receivables, cash and cash equivalents and other payables.

Other receivables comprise prepayments and accrued income and are classified as current assets if receipt is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current assets.

Cash and cash equivalents comprise demand deposits with banks and are subject to an insignificant risk of changes in value.

Other payables comprise accruals and are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

#### (ii) Recognition and measurement

Purchases and sales of financial assets are recognised on the date of the transaction (the date on which the Company commits to purchase or sell the asset). Investments are initially recognised at fair value, being the consideration paid and are subsequently measured at fair value as determined by the Directors.

Fair value is defined as the amount for which an asset could be exchanged between knowledgeable willing parties in an arm's length transaction. The Directors based the fair value of investments based on information received from the Manager. The Manager's assessment of fair value of investments is determined in accordance with IFRS 13 'Fair Value Measurement'.

#### 2. Accounting Policies continued

Gains or losses arising from changes in the fair value for the 'investments at fair value through profit or loss' are presented in the Income Statement within 'gains/(losses) on investments' in the period in which they arise.

Financial liabilities at amortised cost consist of other payables. Other payables are initially recognised at fair value net of transaction costs incurred and classified as current. All purchases of financial liabilities are recorded on trade date, being the date on which the Company becomes party to the contractual requirements of the financial liability. Unless otherwise indicated the carrying amounts of the Company's financial liabilities approximate to their fair values.

#### h. Taxation

Corporation tax payable is provided on taxable profits at the current rate. Any tax relief obtained on expenses is allocated between capital and revenue on the assumption that expenses charged to revenue are matched first against taxable revenue items. Tax relief is only reflected in capital to the extent that additional expenses are utilised from capital to reduce or eliminate the Company's tax liability.

Deferred taxation is provided on the balance sheet liability method on all temporary differences, calculated at the rate at which it is estimated that tax will be payable.

Due to the Company's status as an investment company, and its intention to continue meeting the conditions required to obtain approval in the foreseeable future, the Company has not provided deferred tax on any capital gains and losses arising on the revaluation or on disposal of investments.

#### i. Dividend

Dividends payable are recognised as a distribution and recorded in the Statement of Changes in Equity when they become a liability of the Company.

#### j. Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the income statement.

#### k. Segmental analysis

The Directors are of the opinion that the Company is engaged in a single segment business, being investing in a portfolio of private equity funds or companies.

#### 3. Accounting standards issued but not yet effective

At the date of authorisation of these Financial Statements, the following standards and interpretations have not yet been applied in these Financial Statements since they were in issue but not yet effective.

IFRS 9 Financial Instruments (2014) (effective 1 January 2018) replaces IAS 39 and deals with a package of improvements including principally a revised model for classification and measurement of financial instruments, a forward looking expected loss impairment model and a revised framework for hedge accounting. In terms of classification and measurement

the revised standard is principles based and depending on the business model and nature of cash flows. Under this approach instruments are measured at either amortised cost or fair value.

IFRS 15 Revenue from Contracts with Customers (effective 1 January 2018) specifies how and when an entity should recognise revenue and enhances the nature of revenue disclosures.

Given the nature of the Group's revenue streams from financial instruments the provisions of this standard are not expected to be applicable.

#### 4. Critical accounting estimates and judgements

Disclosure is required of judgements and estimates made by management in applying the accounting policies that have a significant effect on the financial statements. The Company makes estimates and judgements concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. Revisions to accounting estimates are recognised in the year in which the estimate is revised if the revision only affects that year, or in the year of the revision and future years if the revision affects both current and future years. The estimates and judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below:

#### Fair value of investments

Listed investments are valued at bid price unless this is not considered to be an accurate representation of fair value. Unquoted investments are fair valued by the Directors in accordance with the following rules, which are consistent with the International Private Equity and Venture Capital Valuation Guidelines:

- Investments are only valued at cost for a limited period after the date of acquisition, otherwise investments are valued on one of the other bases detailed below. Generally, the earnings multiple basis of valuation will be used.
- When valuing on an earnings basis, the maintainable earnings of a company are multiplied by an appropriate multiple.
- An investment may be valued by reference to the value of its net assets. This is appropriate for businesses whose value derives mainly from the underlying value of its assets rather than its earnings.
- When investments have obtained an exit (either by listing or trade sale) after the valuation date but before finalisation of the relevant accounts (interim or final), the valuation is based on the exit valuation.
- Accrued interest on loans to portfolio companies is included in valuations where there is an expectation that the interest will be received.
- The fair value of the Company's investment in Dunedin Fund of Funds LP is deemed to be the net assets as it is the Directors' opinion that the net assets is derived from the fair value of the underlying investments as at the measurement date.

#### 4. Critical accounting estimates and judgements continued

 Investments are valued net of carried interest which has arisen in the underlying funds. Carried interest is recognised at the point in time that the underlying fund achieves its hurdle rate of return. The Board meet quarterly to re-assess the level of carried interest in each underlying fund.

Gains and losses arising from changes in fair value of investments are recognised as part of the capital return within the Income Statement and are then transferred to the unrealised capital reserve.

Gains or losses on investments realised in the year that have been recognised in the Income Statement are transferred to the realised capital reserve. In addition, any prior unrealised gains or losses on such investments are transferred from the unrealised capital reserve to the realised capital reserve on disposal of the investment.

Gains and losses arising from changes in fair value are considered to be realised only to the extent that they are readily convertible to cash in full on the balance sheet date.

#### **Determination of investment entities**

The Directors of the Company have determined that the Company and its subsidiaries meets the definition of an Investment Entity as per IFRS 10. Details of this judgement is disclosed in note 2a Consolidation.

5. Income		
	2017	2016
	£'000	£,000
Dividend income – UK	967	_
Interest income – UK	635	47
Limited partnership income – UK	2,807	8,050
'AAA' rated money market funds	17	3
Other income	159	26
	4,585	8,126
Deposit interest*	4	-
Total income	4,589	8,126

<sup>\*</sup> income arising from financial assets that are not investments designated as fair value through profit or loss.

#### 6. Investment management fee

	Revenue £'000	Capital £'000	2017 Total £'000	Revenue £'000	Capital £'000	2016 Total £'000
Investment management fee	26	77	103	30	91	121

Dunedin provides investment management and general administration services to the Company. The terms of the management fee arrangements are detailed on page 61.

#### 7. Other expenses

Profit/(loss) on ordinary activities before taxation is shown after charging the following amounts:

	2017 £'000	2016 £'000
Auditors remuneration	34	61
Director fees	109	117
Legal fees	41	45
Fees relating to the wind-down proposals	_	58
Printing and postage	43	40
Irrecoverable VAT	43	65
Other	220	218
	490	604

The Company does not directly employ any staff. The expense disclosed above relating to auditor's remuneration is the total for the Company. A breakdown of auditor's remuneration between audit and non-audit services provided to the Company and subsidiaries is included below. Expenses incurred in relation to the issue of B shares amounted to £63,627.

	2017 £'000	2016 £'000
Fees payable to the auditor:		2 000
Fees payable to the Company's auditor for the audit of the Company's financial statements	24	24
Fees payable for other services:		
The audit of the Company's subsidiaries pursuant to legislation	4	3
Total audit fees	28	27
Non-audit services		
Audit related assurance services	6	6
Tax compliance services	_	14
Tax advisory services	_	12
Other non-audit services	-	2
Total non-audit fees	6	34
Total fees payable to the auditor by the Company and its subsidiaries	34	61

#### 8. Finance costs

	Revenue £'000	Capital £'000	2017 Total £'000	Revenue £'000	Capital £'000	2016 Total £'000
On bank loans and overdraft:						
Repayable in less than 5 years	81	244	325	86	257	343
Banking facility arrangement fee	13	40	53	41	125	166
	94	284	378	127	382	509

#### 9. Taxation on profit on ordinary activities

	Revenue £'000	Capital £'000	2017 Total £'000	Revenue £'000	Capital £'000	2016 Total £'000
(a) Analysis of charge/(credit) for the year:						
UK corporation tax at 20% (2016: 20%)	55	(55)	-	449	(449)	_
Prior year adjustment	(3)	-	(3)	_	-	-
	52	(55)	(3)	449	(449)	_

The UK corporation tax rate was 19% from 1 April 2017 giving an effective tax rate of 19.25% (2016 - effective tax rate of 20%).

Changes to the UK corporation tax rates were substantively enacted as part of Finance Bill 2016 (on 7 September 2016). These include reductions to the main rate to reduce the rate to 17% from 1 April 2020.

The tax assessed for the year is lower than the rate of corporation tax. The differences are explained below.

#### (b) Factors affecting the tax charge for the year:

	2017	2016
	£'000	£,000
Total return on ordinary activities before tax	24,128	2,777
UK Corporation Tax at 19.25% (2016: 20%)	4,645	555
Effects of:		
Capital (loss)/gain not subject to corporation tax	(3,960)	823
Expenses not deductible	_	14
Non-taxable partnership income and expenses	(754)	(944)
Excess management expenses not utilised	69	(448)
Prior year adjustment	(3)	-
	(3)	_

At 31 December 2017, the Company had net surplus management expenses of £5,994,000 (2016: £4,289,000) in respect of which a deferred tax asset has not been recognised. This is because the Company is not expected to generate taxable income in a future period in excess of deductible expenses of that future period and, accordingly, it is unlikely that the Company will be able to reduce future liabilities through the use of existing surplus expenses.

#### 10. Dividends

Amounts recognised as distributions to equity holders in the year:

	2017 £'000	2016 £'000
Interim dividend for the year ended 31 December 2017 – 13.5p paid 15 December 2017	2,787	_
Final dividend for the year ended 31 December 2016 – 17.5p paid 18 May 2017	3,613	_
Interim dividend for the year ended 31 December 2016 – 16p paid 18 May 2016	-	3,303
	6,400	3,303

#### 10. Dividends continued

The total dividend paid and proposed in respect of the financial year, which is the basis upon which the requirements of Section 1158 of the Corporation Tax Act 2010 are considered, is noted below.

	2017 £'000	2016 £'000
Final dividend for the year ended 31 December 2017 – 5.5p to be paid on 17 May 2018	1,135	_
Interim dividend for the year ended 31 December 2017 – 13.5p paid on 15 December 2017	2,787	_
Final dividend for the year ended 31 December 2016 – 17.5p paid on 18 May 2017	_	3,613
Interim dividend for the year ended 31 December 2016 – 16p paid on 18 May 2016	-	3,303
	3,922	6,916

#### 11. Return per ordinary share

The returns per ordinary share are based on the following figures:

	2017 £'000	2016 £'000
Revenue return Capital return	3,927 20,204	6,916 (4,139)
	24,131	2,777
Weighted average number of shares in issue	20,644,062	20,644,062

#### 12. Investments

All investments are designated fair value through profit or loss at initial recognition, therefore all gains and losses arise on investments designated at fair value through profit or loss. Given the nature of the Company's investments the fair value gains recognised in these financial statements are not considered to be readily convertible to cash in full at the balance sheet date and therefore the movement in these fair values are treated as unrealised.

The Company is a limited partner in Dunedin Buyout Fund, Dunedin Buyout Fund II, Dunedin Buyout Fund III, Equity Harvest Fund and Dunedin Fund of Funds LP. The table below details Dunedin Enterprise's investment holdings by fund entity.

	2017 £'000	2016 £'000
Direct	8,884	11,138
Dunedin Buyout Fund LP	34	695
Dunedin Buyout Fund II LP	33,800	32,791
Dunedin Buyout Fund III LP	12,882	32,253
Equity Harvest Fund LP	2,023	4,977
Dunedin Fund of Funds LP	9,600	21,954
	67,223	103,808
'AAA' rated money market funds and cash deposits	23,467	1,008
	90,690	104,816

On a look through basis Dunedin Enterprise's investments are detailed below.

	2017 £'000	2016 £'000
Unlisted UK investments	57,623	81,854
Unlisted European investments	9,600	21,954
'AAA' rated money market funds and cash deposits	23,467	1,008
	90,690	104,816

Funds realised from listed and unlisted investments have been utilised to make investments in 'AAA' rated money market funds. The Board intends to realise these investments as and when new unlisted investment opportunities arise.

#### 12. Investments continued

#### Valuation of financial instruments

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Quoted market price (unadjusted) in an active market for an identical instrument.
- Level 2: Valuation techniques based on observable inputs, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
   This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques where all significant inputs are directly or indirectly observable from market data.
- Level 3: Valuation techniques using inputs that are not based on observable market data (unobservable inputs). This category includes all instruments where the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments where significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

The table below analyses financial instruments, measured at fair value at the end of the reporting period, by the level in the fair value hierarchy into which the fair value measurement is categorised:

	2017	2016
	£'000	£,000
Level 1		
'AAA' rated money market funds and cash deposits	23,467	1,008
Level 2	-	_
Level 3	-	_
Unlisted investments	67,223	103,808
	90,690	104,816

IFRS 13 requires disclosure, by class of financial instrument, if the effect of changing one or more inputs to reasonably possible alternative assumptions would result in a significant change to the fair value measurement. The information used in determination of the fair value of Level 3 investments is chosen with reference to the specific underlying circumstances and position of the investee company. On that basis the Board believe that the impact of changing one or more of the inputs to reasonably possible alternative assumptions would not change the fair value significantly. The following shows a reconciliation from the beginning to the end of the year for fair value measurements in Level 1 and Level 3 of the fair value hierarchy.

	Level 3  UK  Unlisted £'000	Level 3  European Unlisted £'000	Level 1 'AAA rated money market funds £'000	Total £'000
Book cost at 31 December 2016	96,002	17,386	1,008	114,396
Unrealised appreciation/(depreciation)	(14,148)	4,568	_	(9,580)
Valuation at 31 December 2016	81,854	21,954	1,008	104,816
Purchases at cost	9,393	385	42,117	51,895
Sales – proceeds	(53,142)	(13,794)	(19,658)	(86,594)
Sales – realised gain on sales	26,141	3,604	_	29,745
Increase in unrealised appreciation	(6,623)	(2,549)	_	(9,172)
Valuation at 31 December 2017	57,623	9,600	23,467	90,690
Book cost at 31 December 2017	78,394	7,581	23,467	109,442
Closing unrealised appreciation/(depreciation)	(20,771)	2,019	-	(18,752)

#### 12. Investments continued

There have not been any movements between the levels of the fair value hierarchy during the year.

	Level 3 UK Unlisted £'000	Level 3  European Unlisted £'000	Level 1  'AAA rated money market funds £'000	Total £'000

Total gains/(losses) on investments			20,573	(4,115)

Included within unlisted investments are investments valued at £45,109,058 (2016: £49,225,460) where the Company's interest is between 20% and 50% of the equity. These investments have been accounted for at fair value through profit or loss as set out in Note 2(a).

#### Significant interests

(a) At 31 December 2017, the Company held between 20% and 50% of the allotted share capital of the following companies:

Name	Country of incorporation or registration	% of equity held	% of equity held directly and through funds	Latest available accounts	Share capital & reserves £'000	EBITDA £'000
CGI Group Holdings Limited	England	41.7	41.7	31.12.16	(5,510)	1,571
Dunedin Buyout Fund II LP	Scotland	29.7	29.7	31.12.17	n/a	n/a
Equity Harvest Fund LP	England	47.4	47.4	31.12.17	n/a	n/a
Premier Hytemp Topco Limited	Scotland	-	20.8	30.09.16	(11,504)	(6,436)
Red Topco Limited	England	-	20.1	31.03.17	(19,674)	1,283

#### 12. Investments continued

(b) Other interests of 10% or more of any class of allotted share capital:

Name	Country of incorporation or registration	% of equity held directly	% of equity held directly and through funds
Batson Topco Limited	England	-	12.7
EV Holdings Limited	England	-	10.6
Dunedin Buyout Fund LP	Scotland	13.0	13.0
Dunedin Buyout Fund III LP	Scotland	19.6	19.6

Repurchased during the year	(41,288)	(20,644)	-	_
At 31 December 2017	-	_	_	_

#### 15. Called-up share capital continued

The capital of the Company is managed in accordance with its investment policy and objectives which are detailed in the Strategic Report on page 24.

During the year ended 31 December 2017, 41,288,125 B Shares were issued fully paid by way of bonus issue at nominal value of 50p per share on 4 December 2017. These B Shares were redeemed at their nominal value on 4 December 2017 at cost of £20.6m.

At 19 March 2018 no ordinary shares have been repurchased since 31 December 2017. The Directors exercise the power to make repurchases only where they believe a repurchase is in the interests of the members as a whole and will result in an increase in the net asset value per ordinary share. The Company does not hold any shares in treasury.

On 5 February 2018 a further 20,644,062 B Shares were issued fully paid by way of bonus issue at a nominal value of 50p per share. These B Shares were redeemed at their nominal value on 5 February 2018 at cost of £10.3m.

At 31 December 2017	5,161	23,409	26,956	57,936	(18,752)	6,278	72,418	100,988

<sup>\* -</sup> these reserves are non-distributable

#### 17. Net asset value per share

The net asset value per share is calculated on shareholders' funds of £100,988,087 (2016: £103,901,053) and on 20,644,062 ordinary shares in issue at the year-end (2016: 20,644,062).

#### 18. Capital commitments

There were outstanding capital commitments of £44.3m (2016: £36.9m) in respect of investments at the end of the year.

Outstanding capital commitments are as noted below:-

	2017 £'000	2016 £'000
Dunedin Buyout Fund I LP	_	220
Dunedin Buyout Fund II LP	7,039	7,039
Dunedin Buyout Fund III LP	34,904	26,204
Equity Harvest Fund LP	-	_
Innova/5 LP	1,547	2,590
Realza Capital FCR	761	848
	44,251	36,901

#### 19. Contingencies

There were no contingent liabilities at the year-end (2016: £nil).

#### 20. Financial instruments and associated risks

The Company's financial instruments comprise ordinary shares, fixed and floating interest rate investments, cash balances and liquid resources. The Company holds financial assets in accordance with its investment policy to invest in unquoted companies both directly and through specialist vehicles. Investments are valued at fair value. For quoted stocks this is at bid price unless this is not considered to be an accurate representation of fair value. In respect of unquoted investments, these are fair valued by the Directors using rules consistent with International Private Equity and Venture Capital Valuation Guidelines. The fair value of all other financial assets and liabilities is represented by their carrying value in the Balance Sheet.

The Company's investing activities expose it to types of risk that are associated with the financial instruments and the market in which it invests. The most important types of financial risk to which the Company is exposed are market risk, interest rate risk, credit risk, liquidity risk and currency risk. The nature and extent of the financial instruments outstanding at the balance sheet date and the risk management policies employed by the Company are discussed below.

Market risk – the risk that the value of a financial instrument will change as a result of changes to market prices is one that is fundamental to the Company's objective. The portfolio is continually monitored to ensure an appropriate balance of risk and reward in order to achieve the Company's objective. Some of the risk can be mitigated by diversifying the portfolio across business sectors, asset classes and regions. Details of the Company's investment portfolio at the balance sheet date are disclosed in the schedule of investments on pages 12 to 22. The Company's overall market positions are monitored by the Manager on an ongoing basis and by the Board quarterly.

74% (2016: 99%) of the Company's investments are in unquoted companies held at fair value. Valuation methodology includes the application of an appropriate multiple to maintainable earnings. A 5% increase in the valuations of unquoted investments at 31 December 2017 would have increased the net assets of the Company by £3.4m (2016: £5.3m).

Interest rate risk – some of the Company's financial assets are interest bearing, at both fixed and variable rates. As a result the Company is subject to exposure to fair value interest rate risk due to fluctuations in the prevailing levels of market interest rates. The table below analyses the Company's financial assets and details the weighted average interest rate and life of fixed rate lending.

#### **Financial Assets of the Group**

31 December 2017	Fixed rate	Floating rate	Nil rate	Total
Currency	£'000	£'000	£'000	£'000
Sterling	56,845	32,907	779	90,531
Euro	4,608	-	4,992	9,600
Total	61,453	32,907	5,771	100,131

31 December 2016	Fixed rate	Floating rate	Nil rate	Total
Currency	£'000	£'000	£'000	£'000
Sterling	64,812	2,502	17,042	84,356
Euro	14,309	_	6,241	20,550
Total	79,121	2,502	23,283	104,906

The fixed rate assets comprise fixed rate lendings to investee companies. Fixed rate lendings have a weighted average interest rate of 9% per annum (2016: 9%) and a weighted average life to maturity of 2.5 years (2016: 3.5 years). The floating rate assets consist of cash and "AAA" rated cash OEIC's. The nil interest rate bearing assets represent the equity content of the investment portfolio. Interest rate risk is managed on an ongoing basis by the Manager and on a quarterly basis by the Board.

Due to the relatively short period to maturity of the floating rate investments held within the portfolio, it is considered that an increase or decrease of 25 basis points in interest rates as at the reporting date would not have had a significant effect on the Group's net assets or total return for the period.

#### 20. Financial instruments and associated risks continued

Credit risk – credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The portfolio consists of the following financial instruments:

	2017 £'000	2016 £'000
Unquoted debt	61,453	79,120
AAA rated cash OEICs	23,467	1,008
Cash deposits	9,441	90
Total	94,361	80,218

Investment in unquoted companies either directly, via Dunedin managed funds or via third party managed funds (both limited partnership funds and quoted stocks) is by its nature subject to potential credit losses. The Company's exposure to any one entity is carefully monitored. The unquoted investment portfolio is further diversified by asset class, sector and region. Liquid assets (cash deposits and AAA rated cash OEIC's) are divided between a number of different financial institutions, each of whose credit rating is assessed. Credit risk is monitored by the Manager on an ongoing basis and on a quarterly basis by the Board.

Liquidity risk – the Company has significant investments in unquoted companies which are inherently illiquid. As a result, the Company may not be able to liquidate quickly some of its investments in these companies at an amount close to its fair value in order to meet its liquidity requirements. The Company manages its liquid investments to ensure sufficient cash is available to meet contractual commitments and also seeks to have cash or readily convertible investments available to meet other short term financial needs. The Company has access to a £20m borrowing facility. Liquidity risk is monitored by the Manager on an ongoing basis and on a quarterly basis by the Board.

Currency risk – the Company is exposed to currency risk as a result of investing in companies and funds denominated in euros. The sterling value of these investments can be influenced by movement's in foreign currency exchange rates. Currency risk is monitored by the Manager on an ongoing basis and on a quarterly basis by the Board.

The risks faced by the Group and the Company are not considered to be materially different.

#### 21. Investments in unconsolidated entities

Details of the undertakings which were unconsolidated subsidiaries held at 31 December 2017 and 31 December 2016 are listed below:

Name: Dunedin Fund of Funds LP

Direct or indirect holding:

Country of incorporation:

Direct

Scotland

Principal activity: Private equity fund of funds

Proportion of share: 100%

	Dunedin Fund of Funds LP £'000
Valuation at 31 December 2016	21,954
Net capital movements	(9,806)
Valuation movements	(2,548)
Valuation at 31 December 2017	9,600

#### 22. Related party transactions

The Company has investments in Dunedin Buyout Fund LP, Dunedin Buyout Fund II LP, Dunedin Buyout Fund III LP, Dunedin Fund of Funds LP and Equity Harvest Fund LP. Each of these limited partnerships are managed by Dunedin. The Company has paid a management fee of £1.5m (2016: £2.2m) in respect of these limited partnerships. The total investment management fee payable by the Company to the Manager is therefore £1.6m (2016: £2.3m).

A Manager's Incentive Scheme ("the Scheme") was introduced from 1 May 1999. Under the terms of the Scheme qualifying directors and investment executives of Dunedin were entitled to purchase 7.5% of the equity shares (and, occasionally, other financial instruments) in each of the directly held investments subscribed for by the Company. This scheme has now been replaced by the arrangements noted below.

Since the Company began investing in Dunedin Buyout Funds ("the Funds") executives of the Manager have been entitled to participate in a carried interest scheme via the Funds. Performance conditions are applied whereby any gains achieved through the carried interest scheme associated with the Funds are conditional upon a certain minimum return having been generated for the limited partner investors. Additionally, within Dunedin Buyout Fund II LP and Dunedin Buyout Fund III LP the economic interest of the Manager is aligned with that of the limited partner investors by co-investing in this fund.

As at 31 December 2017 there is a provision made within Investments for carried interest of £4.0m relating to Dunedin Buyout Fund III LP and £1.3m relating to Equity Harvest Fund LP. Current executives of the Manager are entitled to 85% of the carried interest in Dunedin Buyout Fund III LP and 14% of the carried interest in Equity Harvest Fund LP.

Brian Finlayson has an interest in the carried interest scheme of Dunedin Buyout Fund LP and received £3,874 from that scheme during 2017. Brian Finlayson was previously employed by the Manager and retired in 2002. As at 31 December 2017 the remaining value in this scheme attributable to Brian Finlayson is £360.

Management fees

#### **Management Fees (unaudited)**

The terms of the management fees are:-

Vehicle	Fee
Fund of Funds Limited Partnership	1.5 per cent on the value of investments plus 0.5 per cent on undrawn commitments to third party funds
Direct investments in individual companies	1.5 per cent on the value of investments
Dunedin Managed Funds	Same fees as paid by third party investors in such Funds
Third party managed funds	1.5 per cent on value of investments
Listed private equity funds	1.5 per cent on the value of investments
Cash	0.5 per cent on cash balances not committed to funds through the Dunedin Fund of Funds LP

The notice period on the alternative investment fund management agreement is 12 months. No compensation payment is payable by the Company to the Manager on termination except where: (i) the Company notifies the Manager of an intended breach of, or change to, any value of the agreed thresholds and profiles and in the opinion of the Manager, the intended breach or proposed change in value is such that it would cause the Manager to be in breach of, or otherwise become unable to comply with, its obligations under the AIFMD Rules; or (ii) the Manager notifies the Company of any proposed change to any value of the agreed thresholds and profiles expressly required by the FCA and the Company does not agree to the proposed change, in which case the Manager is entitled to receive an amount equal to the remuneration it would have received had the full 12 months' termination notice been given.

Notice of Annual General Meeting

# **Notice of Annual General Meeting ("AGM")**

Notice is hereby given that the forty-third Annual General Meeting of the shareholders of Dunedin Enterprise Investment Trust PLC will be held at 11.00 am on 10 May 2018 at The Waldorf Astoria Edinburgh – The Caledonian, Princes Street, Edinburgh, EH1 2AB for the following purposes:

To consider and, if thought fit, pass the following resolutions. Resolutions 1 to 10 will be proposed as ordinary resolutions and resolutions 11 and 12 will be proposed as special resolutions.

#### **Ordinary Business**

- To receive and adopt the report of the Directors and auditors and the audited accounts for the year ended 31 December 2017.
- To approve the Directors' remuneration report for the year ended 31 December 2017.
- To declare a final dividend for the year ended 31 December 2017.
- 4. To re-elect Angela Lane as a Director.
- 5. To re-elect Duncan Budge as a Director.
- 6. To re-elect Brian Finlayson as a Director.
- 7. To re-elect Michael Meyer Jensen as a Director.
- To re-appoint KPMG LLP as auditors of the Company to hold office until the conclusion of the next general meeting at which accounts are laid before the Company.
- To authorise the Directors to fix the remuneration of the auditors.
- 10. THAT, in substitution for any existing authority, pursuant to section 551 of the Companies Act 2006, the directors be generally and unconditionally authorised to exercise all powers of the Company to allot and issue from time to time, credited as fully paid up, B shares up to an aggregate nominal amount of £169,033,907 (being the remainder of the aggregate total of £200,000,000 that may be allotted, (as approved on 11 May 2017) following the allotment of B shares on 4 December 2017 and 5 February 2018) to the holders of ordinary shares of 25p each in the capital of the Company on a pro rata basis as determined by the Directors from time to time. Unless previously varied, revoked or renewed, this authority shall expire at the conclusion of the Annual General Meeting of the Company in 2019 (save that the Company may, before the expiry of any power contained in this resolution, make any offer or agreement which would or might require B shares to be allotted after such expiry and the Directors may allot B

shares in pursuance of such offer or agreement as if the power conferred hereby had not expired).

#### **Special Business**

- 11. That, in substitution for any existing authority, the Company be and is hereby authorised in accordance with Section 701 of the Companies Act 2006 (the "Act") to make market purchases (within the meaning of Section 693(4) of the Act) of ordinary shares of 25 pence each in the capital of the Company provided that:
  - the maximum number of ordinary shares hereby authorised to be purchased is 3,094,545;
  - (ii) the minimum price which may be paid for an ordinary share shall be 25 pence (excluding expenses);
  - (iii) the maximum price (exclusive of expenses) which shall be paid for an ordinary share shall be not more than the higher of: (i) an amount equal to 105 per cent of the average of the middle market quotations for an ordinary share taken from and calculated by reference to the London Stock Exchange Daily Official List for the five business days immediately preceding the day on which the shares are purchased; (ii) the price of the last independent trade on the trading venue where the purchase is carried out; and (iii) the highest current independent purchase bid on that venue.
  - (iv) the authority hereby conferred shall expire at the conclusion of the next Annual General Meeting of the Company after the passing of this resolution (or, if earlier, the date which is 15 months after the passing of this resolution) unless the authority is varied, revoked or renewed prior to such time; and
  - (v) the Company may make a contract to purchase shares under the authority hereby conferred prior to the expiry of such authority and may make a purchase of shares pursuant to any such contract notwithstanding such expiry.
- That a general meeting other than an annual general meeting may be called at not less than 14 clear days' notice.

By Order of the Board

#### **Dunedin LLP**

Secretary 28 March 2018

Registered Office:

Saltire Court, 20 Castle Terrace, Edinburgh EH1 2EN

Notice of Annual General Meeting

#### **Notes**

- 1. THIS DOCUMENT IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. If you are in any doubt as to the action to be taken, you should seek personal financial advice from your independent financial adviser authorised under the Financial Services and Markets Act 2000 if you are resident in the United Kingdom or, if not, from another appropriate independent financial adviser.
- 2. If you have sold or otherwise transferred all your shares in Dunedin Enterprise Investment Trust PLC, please forward this document, together with the Form of Proxy enclosed, at once to the purchaser or transferee or to the stockbroker, bank or other agent through whom the sale or transfer was effected for transmission to the purchaser or transferee. If you have sold or otherwise transferred only part of your holding of shares, you should retain these documents.
- 3. Members are entitled to appoint a proxy to exercise all or any of their rights to attend and to speak and vote on their behalf at the meeting. You can only appoint a proxy using the procedures set out in these notes and the notes to the Form of Proxy. A shareholder may appoint more than one proxy in relation to the Annual General Meeting provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder. A proxy need not be a shareholder of the Company. Appointment of a proxy does not preclude a member from attending the meeting and voting in person.
- 4. To appoint a proxy using the enclosed Form of Proxy, it must be lodged not less than 48 hours before the meeting with the Company's registrars, Equiniti, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA. The notes to the Form of Proxy explain how to direct your proxy how to vote on each resolution or withhold their vote.
- There are special arrangements for holders of shares through the Alliance Trust Savings Investment Trust Share Plan, ISA and PEP. These are explained in the 'Letter of Directions' which such holders will have received with this report.
- Pursuant to regulation 41 of the Uncertificated Securities Regulations 2001, the Company has specified that to be entitled to attend and vote at the meeting (and for the purpose of determining the number of votes they may cast), members must be entered on the register of members at 6.30pm on 8 May 2018. If the meeting is adjourned then, to be so entitled, members must be entered on the register of members 48 hours before the time fixed for the adjourned meeting, or, if the Company gives notice of the adjourned meeting, at any other time specified in that notice. In the case of joint holders, the vote of the senior holder who tenders a vote shall be accepted to the exclusion of the votes of the other joint holder(s). Seniority is determined by the order in which the names of the joint holders appear in the Company's register of members in respect of the joint holding (the first named being the most senior).
- 7. Any person to whom this notice is sent who is a person nominated under Section 146 of the Companies Act 2006

- to enjoy information rights (a "Nominated Person") may, under an agreement between him/her and the shareholder by whom he/she was nominated, have a right to be appointed (or to have someone else appointed) as a proxy for the Annual General Meeting. If a Nominated Person has no such proxy appointment right or does not wish to exercise it, he/she may, under any such agreement, have a right to give instructions to the shareholder as to the exercise of voting rights.
- 8. The statement of the rights of shareholders in relation to the appointment of proxies in paragraphs 3 and 4 above does not apply to Nominated Persons. The rights described in these paragraphs can only be exercised by shareholders of the Company.
- 9. As at 28 March 2018 (being the last practicable day prior to the publication of this Notice) the Company's issued share capital consisted of 20,644,062 ordinary shares of 25 pence each, carrying one vote each. Therefore, the total voting rights in the Company as at 28 March 2018 are 20,644,062.
- 10. Pursuant to Section 319A of the Companies Act 2006, the Company must provide an answer to any question which is put by a member attending the AGM relating to the business being considered, except if a response would not be in the interests of the Company or for the good order of the meeting or if to do so would involve the disclosure of confidential information. The Company may however elect to provide an answer to a question, within a reasonable period of days after the conclusion of the AGM.
- 11. In accordance with Section 311A of the Companies Act 2006, the contents of this notice of meeting, details of the total number of shares in respect of which members are entitled to exercise voting rights at the AGM and, if applicable, any members' statements, members' resolutions or members' matters of business received by the Company after the date of this notice will be available on the Company's website www.dunedinenterprise.com.
- 12. Shareholders may require the Company to place on its website a statement, made available also to the Company's auditors, setting out any matter relating to the audit of the Company's accounts, including the Auditor's Report and the conduct of the audit, which shareholders intend to raise at the Annual General Meeting. The Company becomes required to place such a statement on the website once a) members with at least 5% of the total voting rights of the Company or b) at least 100 members who are entitled to vote and on whose shares an average sum per member of at least £100 has been paid, have submitted such a request to the Company. Members seeking to do this should write to the Company at its registered office providing their full name and address.
- 13. A member of the Company which is a corporation may authorise a person or persons to act as its representative(s) at the AGM. In accordance with the provisions of the Companies Act 2006 (as amended by the Companies (Shareholders' Rights) Regulations 2009), each such representative may exercise (on behalf of the corporation)

Notice of Annual General Meeting

- the same powers as the corporation could exercise if it were an individual member of the Company, provided that they do not do so in relation to the same shares. It is therefore no longer necessary to nominate a designated corporate representative.
- 14. CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so by using the procedures described in the CREST Manual. CREST Personal Members or other CREST sponsored members, and those CREST members who have appointed a service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.
- 15. In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications, and must contain the information required for such instruction, as described in the CREST Manual. The message, regardless of whether it constitutes the appointment of a proxy or is an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent (ID RA19) by 11.00 am on 8 May 2018. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Application Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.
- 16. CREST members and, where applicable, their CREST sponsors, or voting service providers should note that Euroclear UK and Ireland Limited does not make available special procedures in CREST for any particular message. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member, or sponsored member, or has appointed a voting service provider, to procure that his/her CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting system providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings. The CREST manual can be viewed at www.euroclear.com.
  - The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.
- 17. You may not use any electronic address provided either in this Notice of Meeting or any related documents (including the Form of Proxy) to communicate with the Company for any purposes other than those expressly stated.

- 18. Shareholders who prefer to register the appointment of their proxy electronically via the internet can do so through Equiniti's website at www.sharevote.co.uk where full instructions on the procedure are given. The Voting ID, Task ID and Shareholder Reference Number printed on the Form of Proxy will be required in order to use this electronic proxy appointment system. Alternatively, shareholders who have already registered with Equiniti's online portfolio service, Shareview, can appoint their proxy electronically by logging on to their portfolio at www.shareview.co.uk and then log onto your portfolio using your usual ID and password. Once logged in simply click "View" on the "My Investments" page, click on the link to vote then follow the on screen instructions. The on screen instructions give details on how to complete the appointment process. A proxy appointment made electronically will not be valid if sent to any address other than those provided or if received after 11.00am on 8 May 2018.
- 19. Under Section 338 of the Companies Act 2006, a member or members meeting the qualification criteria set out at note 12, may, subject to conditions, require the Company to give to members notice of a resolution which may properly be moved and is intended to be moved at that meeting. The conditions are that: (i) The resolution must not, if passed, be ineffective (whether by reason of inconsistency with any enactment or the Company's constitution or otherwise); (ii) The resolution must not be defamatory of any person, frivolous or vexatious; (iii) The resolution must be received by the Company not later than 6 weeks before the Annual General Meeting; (iv) The resolution must be authenticated by the person making it; and (v) Members seeking to do this should write to the Company at its registered office providing their full name and address.
- 20. Under Section 338A of the Companies Act 2006, a member or members meeting the qualification criteria set out at note 12, may, subject to conditions, require the Company to include in the business to be dealt with at the Meeting a matter (other than a proposed resolution) which may properly be included in the business (a matter of business). The conditions are that: (i) The matter of business must not be defamatory of any person, frivolous or vexatious; (ii) The request must identify the matter of business by either setting it out in full or, if supporting a statement sent by another member, clearly identify the matter of business which is being supported; (iii) Must be accompanied by a statement setting out the grounds for the request; (iv) Must be authenticated by the person or persons making it (see note 12); and (v) Must be received by the Company not later than 6 weeks before the Annual General Meeting.
- 21. Copies of the letters of appointment for directors and the Company's articles of association will be available for inspection at the Annual General Meeting for at least 15 minutes prior to the beginning of the meeting until the end of the meeting.

Information for Investors

### Information for Investors

Dunedin Enterprise is managed by Dunedin. Dunedin is authorised and regulated by the Financial Conduct Authority. All enquiries in relation to Dunedin Enterprise, other than those related to Alliance Trust Savings Limited products, should be directed to Dunedin at Saltire Court, 20 Castle Terrace, Edinburgh, EH1 2EN or info@dunedinenterprise.com.

The Company's share price is available on the Company website www.dunedinenterprise.com or on the Alliance Trust Savings website www.alliancetrustsavings.co.uk or else on various websites such as www.trustnet.com.

Investors can buy and sell shares in an investment trust directly through a stockbroker or indirectly through a lawyer, accountant or other professional adviser. However, in order to facilitate investment in the Company, arrangements have been put in place for Dunedin Enterprise to be part of the Alliance Trust Savings products. An investment trust should be considered only as part of a balanced portfolio. Under no circumstances should this information be considered as an offer or solicitation to deal in investments

# Details of the Alliance Trust Savings products are noted below:

Alliance Trust Savings – Individual Savings Account (ISA) is a tax-efficient savings vehicle. Since 6 April 2017 the ISA subscription limit has been £20,000. The monthly administration charge for an Alliance Trust Savings ISA is £10.

Alliance Trust Savings – Investment Dealing Account (IDA) offers a means of investing in Dunedin Enterprise outside a tax efficient wrapper. The monthly administration charge for an Alliance Trust Savings IDA is £10.

Investors may make regular monthly payments (minimum  $\mathfrak{L}50$  per month) or invest occasional lump sums (minimum  $\mathfrak{L}50$  in both the ISA and IDA). The charge for online regular monthly payments is  $\mathfrak{L}1.50$  and  $\mathfrak{L}5$  for offline payments instructed by post. Investors may also make one-off investments by dealing online or by post/telephone. There is a maximum online dealing charge of  $\mathfrak{L}9.99$  and a postal/telephone dealing charge of  $\mathfrak{L}50$  to buy and sell shares within an IDA/ISA.

Investors can transfer in shares to their IDA or ISA from other providers. They can also have their dividends re-invested and request to receive income from dividends to their bank account. Although Alliance Trust Savings consider the IDA and ISA to be a medium to long term investment, there is no restriction on how long an investor need invest and investors can choose to close their account by instructing Alliance Trust Savings in writing at any time. In common with other schemes of this type, all investments are held in nominee accounts. Investors have full voting and other rights of share ownership.

#### **Important Information**

Risk factors you should consider prior to investing:

- In common with most investment companies, investment trusts may borrow to finance further investment (gearing).
   The use of gearing is likely to lead to volatility in the Net Asset Value (NAV) meaning that a relatively small movement, down or up, in the value of a trust's assets will result in a magnified movement, in the same direction, of that NAV.
- If bank borrowing is unavailable then investment activity will be curtailed.
- The Company invests in small companies, and/or companies investing in technology or venture and development capital stocks, where the potential volatility may increase the risk to the value of your investment.
   Above average price movements may be expected.
- The Company invests in a specialist market sector and is likely to carry higher risks than a more widely invested fund.
- The value of shares and the income from them can go down as well as up and you may get back less than the amount invested.
- Past performance is not a guide to the future.
- Exposure to a single country market increases potential volatility.
- There is no guarantee that the market price of shares in the Company will fully reflect their underlying Net Asset Value.
- As with all stock exchange investments the value of investment trust shares purchased will immediately fall by the difference between the buying and selling prices, the bid-offer spread.
- If you are unsure as to the suitability of any particular investment or product, you should seek professional financial advice.
- You should remember that the amount of tax relief depends on your individual circumstances and that the beneficial tax treatment of ISAs may not continue in the future.
- Charges may be subject to change in the future.

Other Important Information: The information contained on pages 65 to 66 has been issued by Alliance Trust Savings Limited, which is registered in Scotland No. SC 98767, registered office, PO Box 164, 8 West Marketgait, Dundee DD1 9YP; is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority, firm reference number 116115. Alliance Trust Savings gives no financial or investment advice.

The Company is managed by Dunedin and marketed by Alliance Trust Savings Limited which is authorised and regulated by the Financial Conduct Authority in the United Kingdom. An investment trust should be considered only as part of a balanced portfolio. Under no circumstances should this information be considered as an offer or solicitation to deal in investments.

Glossary of Terms and Definitions

# Glossary of Terms and Definitions and Alternative Performance Measures

#### **Buy-out fund**

A fund which acquires stakes in established unquoted companies.

#### Commitment

The amount committed by the Company to a fund investment, whether or not such amount has been advanced in whole or in part by or repaid in whole or in part to the Company.

#### **Discount**

The amount by which the market price per share of an investment trust is lower than the net asset value per share. The discount is normally expressed as a percentage of the net asset value per share.

#### **Distribution**

A return that an investor in a private equity fund receives.

#### Draw down

A portion of a commitment which is called to pay for an investment.

#### **EBITDA**

Earnings before interest expense, taxes, depreciation and amortisation.

#### **Enterprise value (EV)**

The value of the financial instruments representing ownership interests in a company plus the net financial debt of the company.

#### Net Asset Value ("NAV") per Ordinary Share

The value of the Company's assets and cash held less any liabilities for which the Company is responsible divided by the number of shares in issue.

#### **Ongoing Charges**

The ongoing charge reflects those expenses of a type which are likely to recur in the foreseeable future, whether charged to capital or revenue, and which relate to the operation of the Company as a collective fund, excluding costs of acquisition or disposal of investments, finance costs and gains or losses arising on investments. The ongoing charge is based on actual costs incurred in the year as being the best estimate of future costs, in accordance with the methodology prescribed by the Association of Investment Companies and is the annualised ongoing charge divided by the average net asset value in the period.

#### **Premium/Discount**

The amount by which the market price per share of an investment company is either higher (premium) or lower (discount) than the NAV per share, expressed as a percentage of the NAV per share.

#### **Secondary transaction**

The purchase or sale of an investment and its undrawn commitment (if any) to a fund or collection of fund interests in the market.

#### **Share buy-back transaction**

The repurchase by the Company of its own shares which will reduce the number of shares on the market.

#### **Total Return Performance**

This is the return on the share price or NAV per share taking into account both the rise and fall of the share price or NAV respectively and the dividends and capital returns paid to shareholders during the period. Any dividends or capital returns received by shareholders are assumed to have been reinvested in either additional shares (for the share price total return) or the Company's assets (for NAV per share total return).

See page 25 for details of the Company's key performance indicators ("KPI's") and how the Directors assess some of these Alternative Performance Measures.

AIFMD Disclosures (unaudited)

## **AIFMD Disclosures (unaudited)**

Dunedin is required to make certain periodic disclosures to investors in accordance with the Alternative Investment Fund Managers Directive ("AIFMD"). Those disclosures that are required to be made pre-investment are included within a pre-investment disclosure document ("PIDD") which can be found on the www.dunedinenterprise.com. There have been no material changes to the disclosures contained within the PIDD since first publication on 6 March 2017.

The periodic disclosures as required under the AIFMD to investors are made below:

- None of the Company's assets are subject to special arrangements arising from their illiquid nature;
- There are no new arrangements for managing the liquidity of the Company or any material changes to the liquidity risk management systems of Dunedin;
- The current risk profile of the Company and the risk management systems employed by Dunedin to manage those risks are found in the PIDD. The risk limits set by Dunedin have not been exceeded; and
- In accordance with the requirements of AIFMD, Dunedin
  has put in place a compliant remuneration policy, which is
  available from the Company Secretary on request. The
  Company Secretary can be contacted at Dunedin LLP,
  Saltire Court, 20 Castle Terrance, Edinburgh, EH1 2EN.
  All remuneration disclosures required will be included in the
  annual report of the Company for the year ending
  31 December 2018 following completion of Dunedin's first
  full performance period to 31 March 2018.

The table below sets out the current maximum permitted limit and actual level of leverage for the Company.

	Gross Method	Commitment Method
Maximum level of leverage	1.2:1	1.2:1
Actual level as at 31 December 2017	1:1	1:1

There have been no breaches of the maximum level during the period and no changes to the maximum level of leverage employed by the Company. There is no right of re-use of collateral or any guarantees granted under the leveraging arrangement.

Changes to the information required to be disclosed to investors under AIFMD will be notified via a regulatory news service without undue delay.

Financial Calendar and Corporate Information

### **Financial Calendar**

Announcements, dividend payments and the issue of the annual and interim reports for the year ended 31 December 2017 and half year end 30 June 2018 can be expected in the months shown below:

#### March

Year end results and final dividend for the year announced.

#### **April**

Report and accounts published.

#### May

Annual General Meeting held and payment of final dividend.

#### August/September

Interim report for half year to 30 June published.

A preliminary announcement of unaudited net asset value for each quarter will be made around one month following the quarter end.
